NOTE

The eighth edition of the *Directory of Living Alumni* has been carefully revised and includes all corrections received up to date of publication (October 1, 1914.) At the end of the volume will be found an obituary list and changes of address received too late to be noted in the class lists. All information concerning errors and omissions, or changes of address, will be gladly received by the Secretary of the University and noted in the card catalogue in his office.

The names of all graduates of the University not known to be dead are given in the Directory. It is always especially difficult to obtain information concerning the men who did not graduate, but the names of those believed to be living, with their most recent addresses, have been placed at the foot of the classes to which they belonged while members of the University. Additions or corrections for this list will be especially welcome. The Directory also includes a list of those receiving graduate degrees, with their addresses.

In order to facilitate finding the names of all Princeton men in any locality, a geographical arrangement of the alumni has been added, the names being classified under the various countries, states and towns. An alphabetical index, including all names with their classes, follows the geographical index.

The names of the Class Secretaries have been printed in black-faced type. The figures at the bottom of each class list represent the total number of graduates, and the number now living, respectively. The occupations of the alumni have been indicated, where possible, by abbreviations placed before their names. A table of these abbreviations will be found on page 8.

In the preparation of this issue of the Alumni Directory the editor has had the hearty coöperation of the Class Secretaries and of the Secretary of the Graduate Council. A personal request for his latest address was sent to each alumnus, the several class lists were in all instances carefully revised by the Class Secretaries, and all new addresses received at the offices of the Graduate Council and the Princeton Alumni Weekly have been included.

Copies of the Alumni Directory, bound in cloth, may be had at the office of the Secretary of Princeton University, Princeton, New Jersey. The price of the book is two dollars.
