Explanation of the Gamut.

III

The 4 Parts of Music are distinguished from one another by 4 Semicircles, each including 5 Lines with their proper Cliffs and Letters. The first is the Bass, or lowest Part in Music, and known by the **F** Cliff.  which always stands on **F**. The 2.^d is the Tenor, with the **C** Cliff  on **C**, its 4.th Line. The 3.^d is Counter with the **C** Cliff  on **C**, its 3.^d Line: And the 4.th is Treble, the highest part of Music, with the **G** Cliff  on **G**, its 2.^d Line. The **F** & **G** Cliffs in most Authors are immovable, but when they move, the Letters, which are the Names of the Lines and Spaces, always move with them, in the same order as they stand in the Gamut. The **C** Cliff is movable in all Authors, but, the Line it stands on is always **C**, and must be sounded a 5.th above the **F** Cliff, and a 5.th below the **G** Cliff, except when the latter is prefix'd to a part design'd for mens Voices, (which is frequently the case, with the Tenor & Counter in this Book) then it is a 4.th above the **G** Cliff, for that is now an Octave, (or 8 Notes) below its usual place, and Unison, (or the same sound) with the highest **G** in the Bass.

The four Monosyllables sol. la. mi. fa. Seldom change the Order in which they stand in the Gamut: viz. from mi. to mi. ascending they are fa. sol. la. fa. sol. la. & descending la. sol. fa. la. sol. fa; And the two Semitones or half Notes in every Octave are invariably fix'd between mi & fa. & la & fa. throughout all the Removes of mi. except when a Flat, Sharp, or Natural, is plac'd immediately before some particular Note. All Notes upon Lines & Spaces, not mark'd with either Flats or Sharps, are call'd Natural Notes, & are represented by the Monosyllables in the 2.^d Column of the Gamut. In all the succeeding Columns, they are remov'd to other Letters by Flats & Sharps, according to the following Rules, but in such a manner, that they express those Flats & Sharps, without affecting any of the Natural Notes.

Of Time, or the Duration of Sounds in Music.

V

Time is of two Kinds, viz. Common, & Triple. in one or the other of which all Movements are included. Common Time is measured by an even Number of Beats in each Bar, the first half of which must be perform'd with the Hand or Foot down, & the other with it up; Its first Mood is a very slow & grave Movement, containing one Semibreve, or its Quantity, in every Bar, which ought to be sounded about 4 Seconds, or while you may leisurely say 1. 2. 3. 4. This Mood is mark'd thus.

 The 2.^d Mood has a line drawn thro' the C  & should be sung about half as fast again as the first. The 3.^d Mood is known by a C inverted  from which it is called the Pictorial Mood, or by a Figure of Two  And must be sung as quick again as the first Mood. The last Mood worthy of Notice in this Place is Mark'd thus  & called 2 to 4 containing one Minim or two Crotchets &c. in a Bar, which require nearly the same Time that y^e same Notes require in the 2.^d Mood. In beating the 2 first of these Moods the Hands should have 4 equable Motions in every Bar, 2 down & 2 up. And in the 2. last Mood only 2 motions, one down and the other up: According to the following Examples in Common Time, where d is put for down, & u for up: and the Number of Beats in each

Triple Time is known by the following Characters $\frac{3}{2}$ $\frac{3}{4}$ $\frac{3}{8}$ the first of which contains 3 Minims in a Bar, which ought to be sung in the Time of 2 Minims, in the first Mood of Common Time. The 2^d contains 3 Crotchets in a Bar, which are sung about as quick as Crotchets, in the 2^d Mood of Common Time. The last contains 3 Quavers in a Bar, which are sung as quick as Crotchets in Retortive Time. Each Bar in Triple Time, whether quick or slow, is divided into three equal parts, the two first of which must be perform'd with the Hand, or Foot down, & the last with it up, according to the following Examples.

3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3, 1, 2, 3.

Example of Rests.

Semibreve Rest. Minim Rest. Crotchet Rest. Quaver R. Semiq. R. Demisemiq. R. 2 Bars. 3 Bars. 4 Bars. 8 Bars.

Note. A Semibreve Rest is a whole Bar in any Time whatever.

A Single Bar  divides the Time according to the measure Note. A Double Bar  divides every Strain or Part of a Tune, & shows the End of the Lines in Psalm & Hymn Tunes. A Repeat  signifies that such a Part of a Tune, from the Note over or before which it is put, must be sung over again.

A Hold or Pause  signifies that the Note, over which it is plac'd, must be sounded something longer than its usual Time; it also denotes the End of a Tune. A Direct  is put at the End of the Lines, where broke off by the Narrowness of the paper, to show the Place of the first Note in the succeeding Lines.

A slur or Tye  drawn over or under any Quantity of Notes signifies, that they are all to be sung to one Syllable. Three Crotchets with a Figure of 3 over or under them  must be sung in the Time of a Minim; & three Quavers  in the Time of a Crotchet &c.

Of Flats Sharps & Naturals.

A Flat  placed before any Note signifies that, that Note (and all on the same Letter in that Bar, except mark'd to the contrary) must be sung a Semitone lower than its Natural Pitch. The Sharp  is of a contrary Nature, and raises a Note a Semitone higher than its Natural Sound. When Flats are set at the Beginning of a Tune, they affect all the Notes on the same Letters, in which they stand, thro' the whole Movement; thus if a Flat be set on B, B must be sounded half Note lower than its Natural Pitch, thro' the Tune, unless the Flat is removed by a Sharp or Natural. Sharps set at the Beginning of a Tune have the contrary Effect. A Natural  reduces any Note, made flat or sharp by the governing Flats or Sharps in the Beginning of a Tune, to its primitive Sound.

Of the Keys in Music.

The Letter, on which a Tune closes, is called its Key, which is known to be either flat or Sharp by the third above the last Note in the Bass; if that third contains two whole Tones, the Tune is on a sharp Key, but if only a Tone & Semitone, it is a flat Key.

Of Syncopation.

All Notes placed in such a Part of the Bar, that they require the Hand to be taken up or put down while they are sounding; or divided by a single Bar, as in this Example  are call'd Notes of Syncopation. Note, they are also called driving Notes.

Of Transposition.

When a Tune happens to be on a wrong Key, either too high or too low, it may be transpos'd or re-mov'd to any other Key, by adding Flats or Sharps, or by omitting them, as Occasion requires. But great Care must be taken, that the Notes retain their old Names, & bear the same Relation to each other, as before; and that all accidental Flats & Sharps are inserted, unless Naturals will answer the End better:

The above Example shews how the same Tune may be transpos'd, not only from G to C; or from C to G. But to any other of the 7 Letters. Example of pointed Notes. A Dot on the right side of a Note makes it half as long again. Thus one Semibreve is equal to 3 Minims &c. 

Of the Graces in Music.

Trill. Explained. Beat. Explained. Forefall. Expl. Backfall. Expl. Turn. Expl. Shake turnd Expl. Grace of Transition.

The Trill or Shake is used on all descending prickd Crochets; on the latter of two Notes on the same Line or Space; and generally before a Close. The other Graces are seldom used in plain Church Tunes, but are very proper in Hymns & Anthems. Note, the Turn may be used on a Note, that sinks a Semi tone below two Notes on the same Line or Space, always beginning with the first; and also at the End of a Strain, when the last Note is grac'd, as in the following Examples

Some Directions for Singing.

1. In learning the 8 Notes, get the Assistance of some Person, well acquainted with the Tones & Semitones.
2. Chuse that Part, which you can sing with the greatest Ease, and make yourself Master of that first.
3. Sound all high Notes as soft as possible, but low ones hard and full.
4. Pitch your Tune so that the highest and lowest Notes may be sounded distinctly.

The eight Notes Ascending & Descending.

This is a handwritten musical score for a four-part setting of the 'Standish Tune'. The score is written on four staves, each with a C-clef and a common time signature (C). The notation is in brown ink on aged, yellowed paper. The Treble staff begins with a treble clef, the Counter with an alto clef, the Tenor with a tenor clef, and the Bass with a bass clef. The music consists of quarter and half notes, with some measures containing rests. The Counter part features some beamed eighth notes and slurs. The Tenor and Bass parts have some measures with beamed eighth notes and slurs. The score concludes with a double bar line and a repeat sign on the final measure of each part.

The image displays a handwritten musical score on aged, yellowed paper. The score is organized into four horizontal staves, each representing a different vocal part. The first staff is labeled 'Tenor Solo' and 'Treble Chorus'. The second staff is labeled 'Treble Solo' and 'Counter'. The third staff is labeled 'Bass Solo' and 'Tenor'. The fourth staff is labeled 'Counter Solo' and 'Bass'. Each staff begins with a treble clef, a key signature of one sharp (F#), and a time signature of 3/2. The music is written in a cursive, handwritten style. The 'Solo' parts on the left side of the staves feature more complex melodic lines with many beamed eighth and sixteenth notes. The 'Chorus' parts on the right side are generally simpler, often consisting of sustained notes or slower-moving melodic lines. The paper shows signs of age, including some staining and a slightly uneven texture.

An Anthem taken out of the 16th Psalm

The Treble and Counter parts of the anthem. The Treble part is on a single staff with a treble clef, a key signature of one flat (B-flat), and a 3/4 time signature. It contains the melody with various note values and rests. The Counter part is on a single staff with a bass clef, a key signature of one flat, and a 3/4 time signature. It provides a harmonic accompaniment to the Treble part. Both parts include the lyrics: "Preserve me, O God, preserve me, O God, for in thee have I put my trust: I will thank thee, O God, I will thank thee, O God." There are repeat signs (double dots) in the Treble part at the end of the first and second phrases.

Preserve me, O God, preserve me, O God, for in thee have I put my trust: I will thank thee, O God, I will thank thee, O God.

The Tenor and Bass parts of the anthem. The Tenor part is on a single staff with a tenor clef (C-clef on the third line), a key signature of one flat, and a 3/4 time signature. It contains the melody for the Tenor voice. The Bass part is on a single staff with a bass clef, a key signature of one flat, and a 3/4 time signature. It provides a harmonic accompaniment to the Tenor part. Both parts include the lyrics: "Preserve me, O God, preserve me, O God, for in thee have I put my trust: I will thank thee, O God, I will thank thee, O God." There are repeat signs (double dots) in the Tenor part at the end of the first and second phrases.

Preserve me, O God, preserve me, O God, for in thee have I put my trust: I will thank thee, O God, I will thank thee, O God.

The Bass part of the anthem, which is a single staff with a bass clef, a key signature of one flat, and a 3/4 time signature. It contains the melody for the Bass voice. The lyrics are: "Preserve me, O God, preserve me, O God, for in thee have I put my trust: I will thank thee, O God, I will thank thee, O God." There are repeat signs (double dots) at the end of the first and second phrases.

Soon as the evening shades prevail,
The moon takes up the wondrous tale,
And nightly to the list'ning earth,
Repeats the story of her birth;
Whilst all the stars that round her burn,
And all the planets, in their turn,
Confirm the tidings as they rove,
And spread the truth from pole to pole.

What though in solemn silence all,
Move round the dark terrestrial ball,
What tho' no real voice nor sound,
Amid their radiant orbs be found;
In reason's ear they all rejoice,
And utter forth a glorious voice,
For ever singing, as they shine,
The hand that made us is divine.

Jesus the Saviour reigns,
 The God of truth and love;
 When he had purg'd our stains,
 He took his seat above.
 Lift up your heart, lift up your voice,
 Rejoice, again I say, rejoice.

Judgment

When the fierce north wind, with his airy forces, Rears up the Baltick to a foaming fury,

Flow the poor sailors stand amazed and tremble,
 While the hoarse thunder, like a bloody trumpet,
 Roars a loud onset to the gaping waters.
 Quick to devour them,
 Such shall the noise be, and the wild disorder,
 (If things eternal may be like these earthly)
 Such the dire terror, when the great archangel
 Shakes the creation!

Tears the strong pillars of the vault of heaven,
 Breaks up old marble, the repose of princes,
 See the graves open, and the bones arising,
 Flames all around them.
 Hark the shrill outcries of the guilty wretches!
 Lively bright horror, and amazing anguish,
 Stare thro' their eyelids, while the living worm lies
 Gnawing within them.
