Diary.

1850.

Feb 18 Monday, Albany.

Many from labor of yest Sabbath wrote some letters. D. Baird unwilling - wishes me to stop with a Mr Case, I decline unless called on invited, as a man sh^d be.

Call^d on Rev W^m James with Miss Hayden - presbyt. Cler. - new settled - of talent, rich too - show^d 4 pictures of se; eng^d abt Chile; Irish origin

" 19. Tuesday

D. B. too unwilling to go out, had to go & meet ladies of Alb. Soc. Soc. - spoke abt Chile - 30 came. Mrs Russell Pres. ask^d me to call on her.

Am much pleas^d with a pass^g acquⁱⁿ in this house, Delavan, named Sherman - adopted name Miss Hayden; introduced myself to her - sensible, discreet and religious. Her remarks please me greatly.

She is delicately formed - intell^y, not handsome but attractive and discreet.

I call^d on Dr. Paine in Eng - urged that something be done at Log^o & Falch^o - he thinks L. A. will be a popular field.

No letter from Jane - was unwell at last writing - am anxious to hear: but leave her in the disposal of God.

" 20 Mon.

Call^d on Mr. Raymond of Cour. & Eng - he is to come and see me this Eng, at Correspondence.

\$3 dollars sent in anonymously for Ev. Socy, in a note.

Letter from Jane.

Wrote Miss Turnbull - for Dr. Sprague.

Sent \$3 to Ed. Vernon.

Mr. Gannett asks me to reach him on Sunday for Dr. Kennedy - Dr. B. says no

go to Watford.

p.m. rec'd a Letter from - Dear
Jane - is better - very serious.

Written G. Bushnell & Mrs W^t.

Mr Raymond of C & Engle
call'd this day - wishes me to
write just such letters as I
see fit - pleas'd with the others -
and desires me to use my
letters to set forth my own
ideas & designs in Chile, as I
may think proper. When I
like I may send as an Editorial.
About price nothing was
said. Two or three a month -
and statistics I am to send
before publication in Brighton.
He reserves the right to make slight corrections,
but not to add.

Feb. 21. Thursday Albany.

Blair House.

D. B. wish'd me to call on Mr. Pease who w^d entertain me -
I declined doing so unless
Mr. S. call'd painted me.

Painted Tracy Eastwick - but the
th^o were not ready for us.

Went to Lansingburg, Mr. Reed not
ready. Visited Mr. Bullions do.

Mr. Hyman is to paint me a
miniature for \$25

Bought 3 Daguerreotypes for 6 off a
try & two more.

Rem^d in Troy all night - left.

" 22 Friday

Miss Hyman sent me a note, wish-
ing to see me in Feb^r - someone had spoken
of me reg^d. I saw her & told her
what I thought of such intermeddling.

- that it was contemptible. I was
pleased when I was engaged to marry,
with to send you something.

I wrote in her autograph book; and
a piece in her album on "The wisdom
of the just"; she liked it - but she re-
gretted writing it in black ink rather
than purple.

She had me a neat ring for you
obtained of D. Baird for \$8.
Call on Mrs Russell. E. Mc Campbell
" 23 Saturday.

D. Baird gave me 7¢ more
making in all 15; Mr Allen
lent me 1¢ for a lady for Soc.
Call on McCulloch - member of a
church, regretting not having been so
before.

Went to Schenectady, dined at
Hotel - Mr. Backus sent for trunk
& entertained me.

Sabb. Aug. 24.

Schumetady -

- Mr & Mrs Backus very kind - to
tell me so much to compare
notes on.

French Spk. 2-9, Ar 296, p. m.
at Chichester a very full house

After tea Mr B. said the sermon I
made still better by bringing 2 (c) men into
notice sooner - this I don't; and by applying
the illustration of the mine more at length - this
I agree with.

The address was
that interested the people - but when I
had so much to tell, I repeated too much.
Some lady said to him "It was too colloquial",
but he said to me not for that subject. I
thank him for criticizing, and now
feel obliged to him for it.

I was a little dissatisfied my idea that in
the 22^d Rev. the Ch. Church is the
subject. We discussed some, but
as the verses were read that were for

only of it.

Mrs B. was not quite well. - bruised
by fall from - 2 high - nice lady - Chas.
Waltham's daughter - has 6 children,
whose behaviour was very agreeable.

Mr B. called my attention to John 8.36,
as difficult.

He spoke at the apostolic office - and
said I remember with Dr. May, with the
assented and prevalence of Pelagius.
He that mission succeed the apostles, and
desired the same prevalence of Pelagius.

He that Mr. Howles was ultra
in his views - going beyond the O'ton
men. Did not like the 'Secedarian'
O'ton. Ch - one explanation & some new
school men the other.

My intercourse with him was slight & I
like his liberal views. He is in diff
in he often in diff. of principles in
the infant suff. pain at all, he admits
in & any degree of pain or duration of it

He spoke with much disgust of the
reversing of Bushnell & Edw
Bucher with D. Taylor when he was
a student at N. H. Univ. They were
if such & such influences did not
flow from the views he had but for the
lectures - meaning that he had expressed
the same elsewhere.

He thought it would be a good thing if the O. T. men
were had to come more into contact
with men diff. from them: & also if they
could come more into personal contact
with the students.

Told me of a very stupid man who
insisted that Poincaré was right.

Apr. 25 Monday.

Set off at 8^{1/2} A.M. Albany - the B.
went to Utica, 80 miles. My fare
50¢, diet. 15 m.

Saw Mrs. Hayden - who came to
send her a book, 'another life' &
Mrs. D. Lennep - she said I w^d think
after seeing her my sister. Said she
and her mother w^d be glad to hear from me.

Left my cloak at Dr. House.

Found Geo. Bliss of Springfield in
Car - pleased me - as he had
Mr. Ward - & to come visit him
at his home. I had a great
heart in getting up N. R. Road.

Arriv^d at 11 p.m. - & not get
in at Mr. D's and went back to
Pontius, who had a room for 50¢.

Feb 26. Tuesday. Mr. Hume

Rev. Wesley

asked me to be here on Thursday, & speak to
the Students, College Park in Church-
w^d he so well to have a new voice, &
mine as I had been here before.

I had meant to go home that day - but
deferred doing so after what he said.
I was not interest^d in the day as I ought
to have been.

Call^d on Dr. Francis - better-
my happy, to come - hoped I w^d
come one day in the p. m.

Wrote Dr. W. with him Saturday;
& John to send up his trunk, cigars
etc.

Deliv^d Miss W's ring

Carried the ring with Miss F. West
home at 10, to the surprise of Mr. W.

Feb 27 Wed.

Call^d on Mr Woolsey
to say I w^d remain - ask him to tea to
morrow.

Met Mr Macy, at Iron Church.

Went to Berkshire - for three of
my aq^{ts} - Misses Tunney, Wood & Baldwin.

Mr Root, tutor, came & said I had
treated him with such kindness
when he first came to college.

Look^d in at the Bros. Hall,
just as they adjourned: A Son of Mr
Hibbard of Lebanon came and spoke
to me - a fine looking youth.

Feb. 23 Thursday.

Payu for colleges.

Call on James in a.m.

Prof. S. invited me to go to Collinsville on R. Road to mor. Stockholders party.

At 2 p.m. College meeting - Dr Fitch opened with remarks & prayer - then followed. Said I had confirmed myself simply to directions how to do good to others. Then Mr Porter spoke & prayed, as did one Mr Grosvenor at the West.

Mr P. said in college - all is routine & stirring with death is put far away; but also gave notice favorable to relig. progress.

Call on James again.

Went up to the Hill Monday - saw abt Chik. & the Grosvenor mansions.

Mr W. spoke abt 'took on farm of a servant', now connected with

Behold my demand in Isa, and
a similar connection in both
passages.

I told him greatest defect I had found
in Coll. was in Eng. Composition,
He assented that there was not
much connection, but said little.

Ask if I w^d preach Presbyterian lec-
ture to-mo. night - I consented; I^d
Mr Porter had ask him to do so.

He & Mr P. attend that lecture always,
in turn. He attends, Friday Praying meeting
I was much delighted in seeing him
so much interested in the relig^{ious} condⁿ
of the students.

I told him I wish there might be
more intercourse betw. Gen^l & Comm^l here
& there in P^{ro} - I wish they w^d come
here.

March 1. Friday

1850.

Call on James - came up with me to
dine with Mrs Dana. He slept at Mr W's room
he was out, left note for him.

He came at 2 p.m. to go to D Talbot's lecture
- it was on mode of intemp^{se} in matter
of depriving of Ch^r - means of 'ill &
'as soon as' - to be det^d of com. sense
and reason. He said Ch^r begins to sin as
soon as they begin to act morally, as
soon as 'any reasonable man can
hold they do.

Whitwell was there & Jas. Hyde & also.
of Boston.

Call on Mr Hibbard, rooms with S. H.
son of Dr Hames. Hibbard is an orator
and Mr Worley speaks of him in
high terms.

After took Jan to make calls, in
Prof. S's carriage. She is peculiarly
agreeable. I have that I c^d see in
her impr^o even now from my

intercourse with her.

Eug took tea with Mr Woolsey,
and then went to finish Prep.
Lecture at college. Did so on
Pas. 1.3 My sister was before me.
I had not written.

Mr H. wish me to remember him
in far off Chile & give our Dittell
or Pablo prayer.

From St. David's waited on Mr T. home
and sat with her late till after
dinner, who was not present. She
urged me to go.

Mon. 3. Sunday.

Heard Mr Field in a.m. Rev 22.17
His illust^d water of life so cheering and
agreeable in desert: Then pass^d over
the var. branches of the imitation,
thence going it. (a) God; (b) Saints on Et^h
in Heav'n; ~~He dwelt on its fumes~~ - it
w^ould have been well to bring out the
life more fully & pointedly, as opposite
of death.

P.M. This period of g^t interest. James
united with the people of God, with 2
others. His Brother & Carpenter.

Mr Feaster due to open & Distrib. the
bread. I began, stat^d, 12 yrs ago I
at this March Com. had united with
this Ch., it affect^d me much: I spoke
John 10. 26 to 28 bring^d out that St^s
Ch^urch hear his voice in c. they are

his griefs of his Father - mutual
recogⁿ - follow him in ch^{ce}, as
learners & to his Cross to die in his
death. Not held of their hand as
God, but of his on them - none
can pluck them thence, per-
manence.

After Ch. Jan F. spoke of the Sat-
isf. sh^{ed} in the Communion
with us. Shrank some from election
issues - O God was sincere in wish
all to turn & live.

Read, in G^o, Rom. 10 & part of
Jno. 6th.

Have read Murray & De Hart on
death of Rev. Mr. Caldwell -
M. is not civil or logical.
De Hart gains nothing by losing his
temper - how much better to
refuse being putted even by abuse.

Ran in M. till 8^{1/2}. Went to the
ministers meeting at 11 a.m. - a
social gatty, end^d with prayer. A
man ask^d aid for Jew Conf. Ch. in
Detroit - they declined, not liking Jew
Ch^s - no to build for Western people.

B. took me ab^{'s} in the Chaise -
showed me his house taken before
Eliza died - I had a melancholy
interest for him. He said the state of
W. am Unitarians; 2 Mr. ch^s, 4
orthodox, 2 Bapt., 1 Method, 1 Disc., 1
R. Cath. Many Com. people are
there.

He spoke of the Council being laid
on him. ~~Edw~~ Wells of N York charg^d
him in papers with Lupid^{'s} life on 12
Counts. People were much inter-
ested - his deacons in Cham-
ord him on a new council

been call^d. He s^d he would exchange
with Leslie now - that L. had been
hasty and too strong. Actly^l he had himself
spoken too strongly wth. Council on
some points.

I call^d his attention to the death of
Jc^t as making satisf^y for past sins.

He s^d that if God w^d satisfy his own
sense of justice in Jc^t's death, then
he satisf^y Jc^t & suff^y Jc^t - he allowed
it might well come in for upholding
justice before his subjects. To me
this seems the ground.

B. w^d not allow verbal clasp-
ination apstc - there might be mistakes
historical, scientific etc & still the
Bible gain certain knowl. on wh^y.
points.

Mr & Mrs Fox & daughter Jane

When at Springfield finding the chick
had been lost with my packet, I
went & took its mate off from the
trunk. I was very sorry for it af-
terwards - wish'd it on again - for

chick given me I sh'd have got
into Ciceroy's suspicions. However I

are below the subject. I sh^d see
them to be exceedingly many in

Sunday June 4, 1850.

Letter by Mr Lacy cannot come from the trustee.

Rode out to preach for Mr Wyche in country to abt 15 people - region of Hardshell Baptists - who run Calvinism into fatalism, dissuade exertion & oppose missions - much ignorance and prejudice.

Placed with Mr W's ideas of Amos - how sects are & how shall be, each having its sphere.

He seems far away from the prejudices of Amos. Speaks highly of Amos & Mal. & Whate's R.D. of A.

I have been much pleased with him & what he has said.

Preach on Isa 137 - last 2 v's.

Came on Mr Wyche, ask to marry us - on Mrs Evans & on Mrs John Thaw.

This is a day long anticipated
what for I am now "I have thought
myself the matter is. I recently find
that my feelings are much moved
- I am solemn in view of what is
at hand but very quiet.

At 8 p. m. a few guests came

with flourish says "you have your bride" - this
was ludicrous.

It ain't 1 1/2 hours at Ridgway. 9⁵ miles

part of road - put down 2 1/2 tracks

them - when rail rot very easy to replace
it, draw it out & put other in. Rail

them ladies in white. F.F. to an English
at inst. C.

After tea returned soon - for just 9.

Went to see the house - My lot is one
of great benediction.

My intuition is to be to Jane as near
a perfect husband as I can. I intend
not to diminish my attentions to her
now that we are united, but to be more
careful to wait upon her - to dress with
modesty for her sake - to avoid those cap-
tious words of some men about the etc.
to show ostentatious or imperfect
attentions to her before others - also to

avoid indec. familiarities when alone
to condemn myself rather than her.
My prospects are good certainly. The
most and good sense of her depart-
ment, combined with the warmest &
rankest affection, delight me and promise
me. I never knew the person whom
a moment I set in competition
with her & w^d consent to have occupy her
place.

Friends call to take leave Mrs Dana, then Prof. S., Jos. Larned, Mr. & Mrs. Chamley, Uncle John Fitch (bringing Jane on parting presents), Mr Dana & L. Hubbard (last Eng.).

Busy packing trunks - O how much work! out thro at last hour.

Went to Dag^{gs} rooms - one of mine, three groups of the wife, one for Anthony, one for Mr White, single one given for Mrs S. Frother.

Brownell did not come.

Miss Blake tells Larned & Lee, many got from her pictures.

Eng. I saw one Mrs. Eliza Dany, late of Cap. Barney - has 5 ch^{rs}, 4 boys, last 3. His picture hung in parlor - wishes to see him, not for 20 yrs - wish^d he w^d look to have his prop. secured. off to carry Atlas.

Mr 10 Wacker had come - the

hand parting was one of emotion.
Mary, Blaine and Sophia Larned, and
McWhorter spent the day there. The ladies
were at times alone. I think I still had
my attractions - Uncle aided me to
think them. Mary & Jan & I each other
three tears.

At length we set off. Aunt Mary
felt it very much. Close fire of as-
sultation and we — were gone.

McWh. insisted on having the picture of
me to show the class?

Lane by Brook. Co of firemen on board
— great noise in decency & propriety in
the cabin, so that I did not sleep
much.

Sabbath July 28. 1850. Brooklyn.

My mind as this day begins is much inclined to wander from the approp. subjects of that to matters abt. which I have been occupied during the days last passed. Books, modes of packing, articles received, letters to be written etc. &c. very attention and am consequently I am planning.

I desire to put all others away and simply converse with God this day - in my words, in prayer to him, and in my own thinking.

I am rather sensible of a feeling of want in that I am not to produce any new information to make this time. I have not been accustomed to use the day enough for my own culture. I wish it a different one. I often think I will be very thorough, but the numerous distractions will be disinclined.

O Lord aid me to go in and out with thee to day!

Morning heard Dr. Cuy. Certain manner
how a how it, a manner
it what. Brill' hist. Description
then current philos. wh' differs
with God, under 'matters' &c.

It is a very discussion - I am
proudly so - but audience attended
the prep with eyes open - sneaking
prayer. He criticised the mission
for saying 'who hath resist' his will',
instead of 'frustrated his counsel'.

Whereas, I suppose, the force of
the objection lies in that very last
word of report - We confound God ex-
actly - & demand, with his wishes.

P.M. Heard Mr. Stans - Lord
 Bidden 'go forward', appl^d to Church
 now - 'for it was in our midst,
 numbers, action on entire world,
 benevolent schemes of the day, and
 education. He used too many ad-
 jectives; but good discourse.

ing I attended Conf. meeting - no
many there - in there spoke - one
of 63 at Newbury just united with
Ch & 40 more to do it. I spoke
ab^t the means of grace, as
means to ends - to effects of grace
in mind & life & that best of all
means of gr. is obed^{ee}, a gracious
action.

Mon. Aug 29. 1850.

Went with Mr. Ripley to Bath
Tompkins and Black - to look at
Corn. Series. He designed to
raise \$50 and by means of it
got me the Series & Hymn
Books. While looking at them
just a rain came up, and the
Barth^t was driven in fashetles.
Ripley had been to Bath Min-3 or
4 times, without succ., to bind the
List. He did so then for \$10! St-

second provid - perhaps another
indicⁿ that I am in the right
path in going back. W. D. Doxey
it is what the Lord will have me
do.

Bro. R. also told me he wish^d
to buy \$20 worth of books
that he had for them, for myself.
Thank came by express. W. D. Doxey
at N. Haven - D. F. had paid
for it.

D. Samson said he is sent up
nothing & needs for nothing, and
made out a list

Steward an English man

As our joy or and our prospered
my Confid^{ce} increases that I
am in the way wh God w^{ill} have me
take. In 1844 & 5 I did not know
what prof^{to} to select & pray^d to be guid^d.
When time & graduate arrived had
refunds & Mr Backus of Phil^a
off^d me aid at Princeton. This
I took as guidance & it decided
me for the ministry.

1844 & 5 I ask guidance again
what to do. Nov of 1844 Dr Band
I came to for first time when the
Valp^{er} matter was mentioned. Mrs
White had adv^d me to go with ~~for~~ for his
doc. its say^d if it was a merchant. I
told him I was at a loss what to
do, and he told of the applicⁿ from
Valp^{er}. Mr Bisphaam adv^d to
enquire of Isaac W^h, who I advise
doubt - I told Band so, & why he is
the person who has sent the request.

Now the qst is, sh^d anything be done
in S. A. at all? Consid^g the no^y
prop. someth^g sh^d, I think. Then
some one must try it. If any one
I am the man (1) Then God, it
seem^s, pointed me before. (2) Then I
have won a meas. of confidence
among the natives & foreigners. (3)
It seems there will be no one to send
my one to fill my place). (3) I have
never had but one real imitation
to preach anywhere else (at Mt Holly

return, & am a little sh^d 'Lec^rship
in Bible Soc. (5) The most active and
warmheart^d den. people think it is win
to God. Mr. Stems, Dr. Haines, Rev. Dutton
Naynor, Mr. Als, Brink, Dr. Miller.
Caroline dissuades me, so much Joseph
& Jonathan. Mrs. Woolsey said she
had hoped I w^d not return. (6) My wife thinks well of it and is

and for it. (7) Dec. will; to send
me to Panama; for passage given.
(8). I have hoped this door might
be closed if the money were - and
so far it has not been.

Another gentleman that no need of
so much division & many ch.

mitted; I said unity of organ-
ization was not necessary.

He did not know why a Epis-
cop^{al} dissatisfied sh^d not become
a Presb^{terian} & not start a new ch.
I sh^d might be satisf^d in Conscience
that neither was just with the
word of God; he sh^d then think him-
self puffed up."

abt 11 p.m. I had chartered cargo boat
in night at pass. - with 12th go too
told did not like name on Sabbath
told was promise of more com

Sept. Aug. 11. 1850

After all I changed my mind. Had
a long conflict in my mind. On
one hand better explain, and my love
for Sabu. But the other health of se-
lifer. But what had most influence was
that Capt. told me he sh^d sail on Sunday
b. m.; this making it nec. to land that day,
and it seem to be no more to start up
the river than land, such loads and pass
out of Nag, in the noise & danger of Chyngas.
With a doubt - my wife seem more
clear that it wd be not wrong. After
the guidance - the morning was one of
sweat & sun after I had decided to go.
At 2 1/2 p. m. set off tow^d Manus-
plakott boat, 8 pass^{es}, 5 men & blocks
- bright at 2500 ft.
River high, current strong, went
on to station. Did not seem like
land. Not fish felt as if ably^g
of the day was suspended by the

pieces - but no it sh^d be old as far
as pieces, w^{ch} return.

Leaving camp, two banks of the
river lay on either side - Cocoa
nut trees, palms, wild plantains, pine
apples &c. - all appear rank
abt 5 miles from Chagres cap. of str.
Dinner, & came on. It was said we
could make "headway" of 1000 - 20 L. was
agreed to give 25¢. When near Ga-
rion wood gave out - had to leave
our poles, burning & all & distance
got on - discouraged - that of going
back again to Ch. Men. quarters.
Jamaica blacks - wear some very
good. But for the bulk we
had ham got into G. - did so abt 10
pm. & then just but I fight with
pleasure - reach the soon.

Went to sleep - among 1000
 blank & 1000 steam shovels. No
 grain - talking after, Capt. Can had

much day. When he had^d with the

Mon. Aug 12. 1880.

Waited till 12^{1/2} before had word
enough to start - Got boys, sent
man in canoe, got 2 ranches &
announced them for good.

Then time given and walk
among huts - abt 20 in all. One
man from Ohio, settling, desires to
go to northern & there.

Childⁿ naked under 12 yrs. Women
in sandy coats, collars and suf-
ficient brown ring - & luxuriant.
all aspect of indolence & want of
hygiene - filthy, no cultivation of soil.
Small school for Chⁿ - none of State here -
is one in canoe. Shaping woman dressed
- Skirt of pink fig muslin to knees, then supplied
with belt & same a brown waist - brass or-
naments - drinking brandy.

An old fellow anxious to take us to Cuzco
for \$40 - $\frac{1}{2}$ inclined to go with him.

Set off at 12, enough wood - Str is a
Cemosis. Dr Segur said like 'inverted
water barrow', high pressure, snow form
- 3 pass^{gs} in stern, one sick - hot place.

Coming to a rapid we. to stop below
and get up more steam. Doing so we
got into a tree - back'd it current
took her across into another, broke her
pipe, wheel and coming all down.

On this proposed am to go on to
Doshimono, in a canoe that
came up and engage canoees - I was
selected bec. Union Sp., wife went bec.
I did and the sick man was sent
on mule. Dist. 5 miles - 'Cayaco' shot
along nicely, 'Viragua' & 'Imbucacion'
at man like Charon se siters + 3
mozos.

Found 3 Canoes we have - house
kept by the American, Hamilton, wife

with him, from Miss.

To my great joy heard our Comp^{rs}
coming, arrived at 8 p.m. - chose to
sleep on board, since the it rained,
most of Comp^{rs} kept ashore, but
were annoyed by lack of covers and
mosses. Rained a good deal in night, but
dried day. All go on in flat boats - six
trunks & packages put in canoe, f-#34

Tuesd. Aug 13. 1850.

With Lth, Gols and ours reached

House kept by a Samanica man, was a
physician - so full of cannot walk at
Poor broken wife with her again - he
came from Panama to visit her - was
rotten on his way down, he and she had
some up in Sta, then back, did not
find her, went then to Chagres, started in the
str. ship in her tresses & going so slow,

thru the back door, came up in launch
to 'the main', & got no cause big
enough camp, & I think, 2 am on
for \$100, got in stiff with some young
men, were set ashore here, &c.
too full. Mr. C. did not offer them room.

Let off - putting on both sides now,
but deep water rather - Now St. Ra-
-fast River went took us, and gave
a tow for 20¢ to Palangui at 12 miles.
Rapids then, here. I have got on
board, the Reyes, St. Thomas & S.
my private to land, gave me soap,
fruit pudding, got camp chair for
me from launch. We arrived at 6 pm.
At the Lowell, Agent for Law &

my civil advised to call on
Olivier at Cruces for mail - did
not think well of it. I knew at
Panama & did not know better - got
had been lost & miss. lost on it.

This M. ascended with ease the rapids.
There is no beauty - Charge \$15 to Cruces
and on in boats from Palangillas.

Wedn. Aug 14. 1850.

As we found our canoes with the
freight there, I concluded to get with
Lance & Co. baggage into it instead - gentlemen
agreed to that and we did so at 4 1/2 a.m.
Lance & Co. I just came to Hermanas
is - we shot along now, poking and
went a little faster than the cliffs, of
these then men - for 4; 5 days not in
view, touch'd on a log now & then and
went to back off. Joannic lay down
under the roof, I sat behind. Poles
call'd Palancas, paddles Cañales.
Quite excited, to go up the rapids - go up in
head water on one side, shoot'g then across
the full current & reach little water of other side;
water sometimes w'd coil around us.
Left it 10 a.m. at San Pablo, but

Get nothing, more than a few cups of
coffee with milk for us.

Banks appear better - palms and
huge Cotton Wood trees, call'd Car-
rizonas acc. so Panga used for

led. At 5 o'clock. Bot Cocoa nut and
old man some bread.

At 3 off for Cruces, 5 miles and
had rapids - began to rain, June
day, it was wet - reach Cruces at
5 p.m. good house, Mr Lowell was
kind to us.

Some one had been shot in his
shoulder. Lowell must have made
mistake. Slept in large room
where were 50 cots, curtain off a
corner for us - Cot, pillow, sheet

red blanket covers the bed, but
very comfortable. Fine supper.

Thurs. Aug 15. 1854.

Mounted mules at 9 a.m. Both
horses crossy, on one side & the
other advised by all means not to use one
road here & there; when
broken, my head, but mules get
along - none & then miss. Gulches
to 20 ft deep, narrow, fallen trees,
stones, steep steps etc: In rains
torrents flow thro them - but
we were far and had no rain
at all. I am compl of fatigue
leaving of the guide, did better arriv

Ran into suit as. Went to mansion

Mon. Aug 19, 1850.

On Friday last Chang^d quarters from Mansion House to the Woods - 1/2 a day for rooms - barn like - Rat; cat holes - built them down and swept floor. M. M. said very quiet - but all night gambles in next room were going on - swearing etc. till broad day. They were sent off then - but I chose to leave.

Call'd on nice woman of whom had got some tips who told me of Donduidaro. He will board us for 4 1/2 \$ a day, or we may have room at 1 1/2. So on Saturday I went there.

Baggage arrived in morning and once again was able to dress and be clean, had worn shirt from Sunday morning till Sat. p.m. - was an offence to my own sight.

Baggage all came dry and in good order.

Mr. Hayes puts up at same house.

20 high, uncided, roof over - Columbus -

Mr. Nelson says may pay for

Mr Tracy sent two letters for me
to Calif^a and J^r M^r has 25 full of
cigars. He tells me there are cases
of syphilis here and of diphtheria,
the former alleviated greatly by internal
use of quina; the latter
cured by it. Will take me these cases
at hospital.

We think good means of finding
re who will see the sick and
sick and for them as well as
preach and do good here. We think
it so diffie. to find such men
however that it is better to
have a place for preaching for
any one who can do any.

John - well of Captn Stout -
was good honest man - read Epis
sermons and not leaving P. M. had
been a restraint to him, tho at
times he had lost his temper & as
profane language - this Stout said at
Silson's, and urged to keep the sermons
up as a restraint on themselves.

Writting several letters today -
one to W. and Co asking them
to pay me. Miscellaneous thro Dr L
Cora and went here; asking if they
will let me send a package of
papers to him and another of others

It was the music, and could not

live here. I'd better list names and
houses. They w^d each give \$100, M. Brown
and Tracy, they that, w^d give 50. same.

They were quite enthusiastic. I s^d if they
w^d provide again room it w^d be soon
on the floor. Perhaps I sh^d write to
W^m & ask it & that they w^d give \$500,
Enough for rent. He that next to head
they even agreed to provide relig^y teach^r
for their agents & clerks, and for his
family felt it the greatest privation.
So man. will see what can be relied
upon. He that even a Chapel here
might be procured in time.

I wrote I Baid at it in the p.m.,
Brynam also and Whittlesby.

W^m & I went out with some
on the walls. Was rather uneasy with
a cold man who did not move
from opening in the way for him to see
out - I did not ask him to move
but he did not wish to, till I
spoke to him he did - I spoke mid-
-y then, in fact his old man. has
told him to move & he w^d not - then

led me to say he was not very polite
towards me & asked him questions and
he told me a good deal, very
kindly: thanked him and moved off.

Mr. Wm Smith wish to commune with us, from Scott, said some great things reciting to me as if a creed his view of the three persons - ideas of gospel were sound.

Preach to 45 persons (to 29), 'This is my blood etc.' Greene, Barney, Luman, Harry, McKee, Robles

Commⁿ abt 15 persons - I felt the tenderness of the ordinance.

Mr Smith came at 2 to read his views drawn up on baptism - they were sound I thought, but went into other points, good treatment of script. mixed with and coming of spirit and reign of it with him on earth 100 years before going into it. His utterance was full of feeling, and kind of emotion affecting. The spoken of the Com. being had 3 times a yr as the Jews had 3 feasts, with

a typical ressembl. transdout in each case.

He was in St. Coat Cullao - intrup.
town out - went into County - Sp. of
God led him - kept to his imagⁿ -
nearly unsettled his reason - had con-
vulsions twice - ret^d to Lina, with
Pulswain, convulsion at Chorillos,
Mr. Swain doctor & he was hypochondriac
- guided by Sp. of God to leave muni-
ciple life and devote se to the Lord - came
here 2 mos. ago to see me.

He was impatient abeyg quab^l the
time of his going to Lina whⁿ 5 or 6
years ago, that a distrustd him, s^d I
w^d doubt if I listend^d to him; Afterward
said he knew the heart of man - and
how Satan tempts us to think ill of our
neighbors.

His mind certainly seemed inclined
unto the word of God - 7 months in
interior of Peru studying at Carate

Wishes him in some humble way
good - in distul of se. if possible.
Has remitted sometimes some diseases
sent Caspers home - Gode^dham and
him to ~~Delante~~ them correct/ at first, but
by allowg errors had call^d his attention
more to truth.

I fear his mind is not settled -
he tumbled as he sat at the table
reading, & spec. at readg of the death of
Jesus.

I am to go & see him. She is to finish
readg, then. Bidg him good for he prayed
what I had heard might lead me to
clean sins of the truth, or words to
that effect.
