My mind exercised abt.
Baptism of ch^r whose pa-
rents are not members
& prof^s of church.

Is there any view to be
taken of Bapt. by wh others
can come? Not having giving
our hearts to God can they

give their Chrs?

Does it mean such a
giving or dedic. of a child, or
is it simply to place it under
Chr. influences?

Now many families
are repelled from the Church.
and what occurs here, no
doubt occurs elsewhere.

News of Jul Aldunate's death.

First more sternly towards Samidge
because he insisted when invited
that he must pay his way - did
so for a short time in ad-
vance - told me not long since, if I
need^d to say so to him - Julia

had money by him: otherwise
it proves he has nothing but
the remainder of 100\$ he had
borrowed in B. Agos to travel
with. I told him he had not
been frank.

Again while speaking of going
to Ind. Co., he thinks the cli-
mate of this part of Chile is
too cold for him to labor
for the natives. I fear he is
deceiving self - if not others.

Says he has long had desire
to labor as a missionary.

that you wd be willing to invest

El señor Presidente Alfonso. — Para mí hai una diferencia mui grande entre una misa de gracia y la funcion de *Corpus*. Con lo primero se celebra el heroismo de los que nos dieron independenciam, y a eso se adhiere todo hombre de corazon que comprenda el amor a la patria. Pero con el *Corpus* se celebra un misterio religioso, que solo aceptan los que creen en él. Si no se ha aceptado la invitacion del señor Cura, no fué por desairarlo; fué solo para establecer con toda franqueza que no estamos obligados a asistir a las funciones de tabla. Y si concurrimos a las exequias del jeneral Aldunate, fué porque ese era un acto espontáneo, y creemos que debia honrarse la memoria de un buen servidor de la patria. Por lo que toca al art. 5.º ya he hablado.

Se puso a votacion la indicacion del señor Rejidor Lujan.

El señor Rejidor Almarza. — Pido que se me escuse votar. En la sesion del 24 voté por la asistencia, creyendo el acuerdo ilegal. Hoi, en vista de las disposiciones de que se ha dado cuenta a la Sala he cambiado de parecer; pero aún no estoi del todo satisfecho para decir *sí* o *no*, porque las prácticas anteriores me hacen dudar.

El señor Presidente. — Siento decir a Su Señoria que el reglamento no le permite excusarse de votar.

El señor Rejidor Almarza. — Entónces solo por ser consecuente con mi voto anterior, estoi por la revocacion.

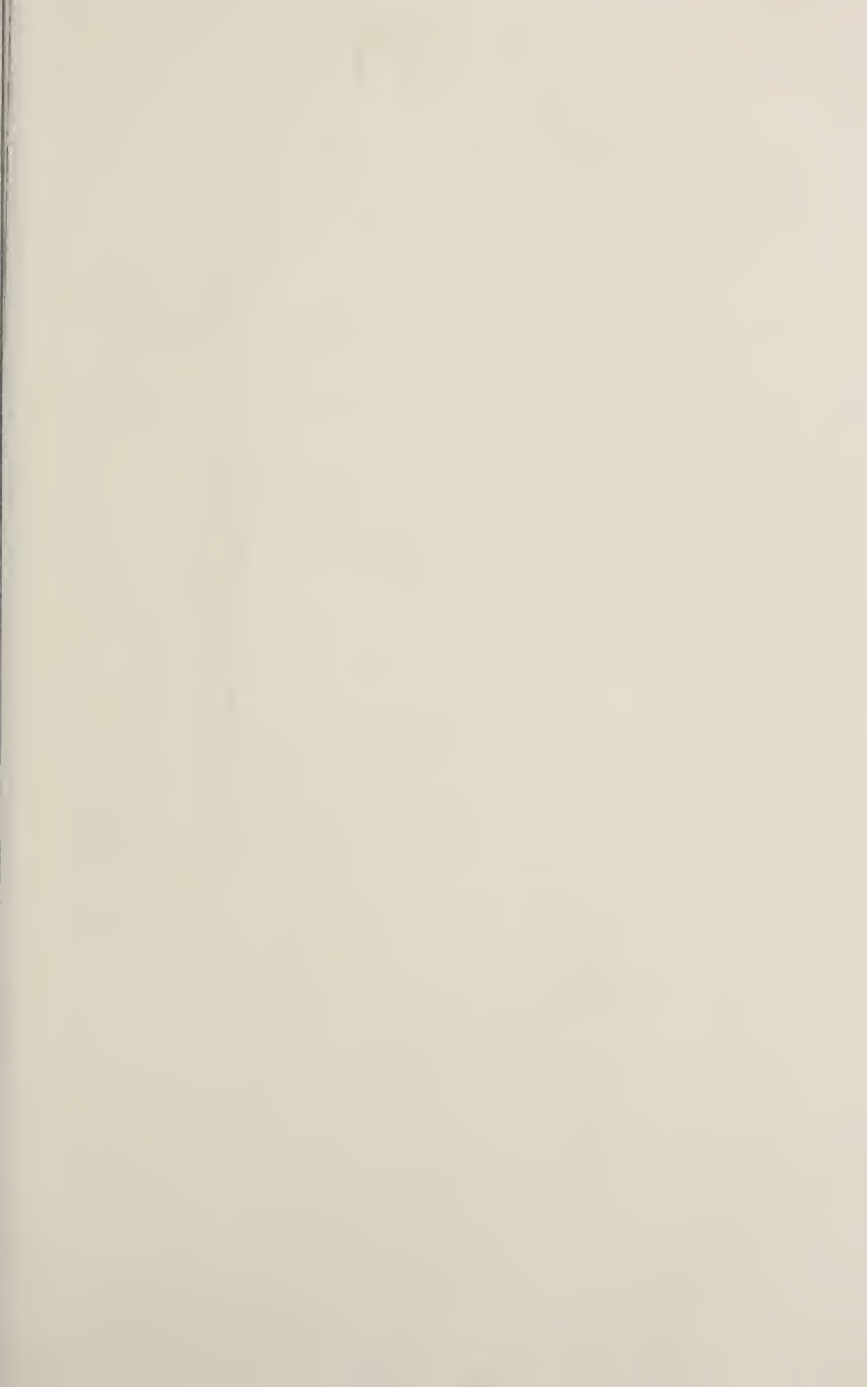

El escrutinio dió por resultado que seis municipales estuvieron por la subsistencia, y solo tres, comprendiendo el voto casi dubitativo del señor Almarza, estuvieron por la revocacion del acuerdo.

El señor Rejidor Lujan. — Pido que se estampen en el acta que he estado por la revocacion del acuerdo.

El señor Alcalde Cobo. — Pido lo mismo por lo que toca a mí.

El señor Presidente Alfonso. — Pues yo tambien pido que se deje constancia en el acta de que he estado por la subsistencia de un acuerdo que reconoce la tolerancia religiosa.

El señor Rejidor Givovich. — Y yo tambien pido que se espresen que estuve por la subsistencia de un acuerdo que respeta la conciencia individual.

D^r Hooge asked, if
an the Epicurean Atomic
theory (in which chance) there
was held to be any rational
Control. Prof. A. did not
know - It was the 1st to
be known. A. was in-
debted to answer for what
seem'd a learned Essay.

Question arose as to
virtue being pursuit of
happ. or virtue for its
own sake.

Supported - that Bible
set jay before us - hefr.
Adam & all men now - that

true happiness thus lost?
That Epic. system must
have had some truth under-
lying it.

Dr Hodge maintain that
Virtue a right for its own
sake - regarding virtue
to seek it for good it is to do.

Dr Watson in same strain
Virtue was a good in
itself
Dr McAllister ask him
to define what meant
calling it a good.

I said nothing - but
Dr H. afterwards did not admit
that virtue was regarded for all

Beings - God and all - and
none included. Deprecate
the A. A. view as debasing
virtue.

They are more on the
Hopkinsian view of being
willing the damn for the
