On the 7th of September - of this year 1858
I came up to our new house No 3 Perote
concepcion & had seen at work washing
floors - windows all day. Some men. The
next day Tuesday the 8th it rained in torrents all
day so that I could not get out. But on
Wednesday morning early the 9th I came
with the same workmen. Having furniture
for some of the rooms & Mr Carreras had
the drawing room carpets & some bedroom
carpets all new put down that day. Soon
after I came up the rain set in again
violently & I sent husband & old to send
up our bed & I tried to remain here.
The workmen were still in the house
the Painters & Carpenters, but I told
them to move their traps into the
outside rooms & give me the house
I was thus anxious to move in because
we were paying a thousand dollars
rent in our old place & that the expense
of this - very heavy - also & I knew I was

did not move that week we should
have to delay till after the 17th perhaps
till October. I took my breakfast
& dinner at Consul Clarke's as they were
more convenient than going down
hill & I went & took tea here with
husband. It rained here Wednesday
Thursday & Friday but cleared Friday
night & so that on Saturday the 12th the family
all came up to dinner. The dinner was cooked
at the old house & then servants all came up
the hill to our new home where I had nearly
everything in order. I was tired so tired I
could hardly stand but there was a
constant surging of gladness in my heart
all the time. Praise & gratitude to God
for such a delightful home after so many
moves & so much tossing about since the
2nd of January when we were burned out
of our other place & from the loss of
or six thousand dollars by the fire, & Mr. Stearns
has made this house cost up double
what he thought & said it would & we felt
anxious but I have from the first night

God's guidance in the building of a new home
& I have ever felt that He would open the way
for us to live here comfortably. We were here
for a month & a half before any applicants
were made for our spare rooms but had
given my sad & depending ones so that
I had time seen him but I told him to
identify the rooms & he had to see the
occupants - I told him the case before
my husband. Father & I pleaded the promise
of my father "Whatsoever ye shall ask &c"
and he heard & answered our prayer.
The rooms are all taken from the first of
November of them. Mr. Brainerd's
with not taken care of the children dur-
ing study hours. Two brothers, sons
of Astoria, have taken two rooms &
Mr. James Balfour a cousin of our dear
friend Alexander Balfour has taken two.
There is no more but I will not stand
us in more than a thousand a year &
we can't not make a house more over &
for us at that price but now this is such
a complete home of our own blessing

to a great extent. To the view from our
window is very beautiful - the town
the bay - the distant cordillera & the
near hills, all making up a picture
delighting the eye. Therefore it looks
abroad, & within there is such a sense
of the peace & love of God, that we
desire naught more than to grow
day by day into His image.

Barbara is living with me
as sewing girl, & is a great comfort. She
is a pure & humble disciple of Jesus. My
other servants all have attention to God's
word as I read & explain it to them.
The Sabbath - pray they all become His
children & be waiting His name in Heaven.

Even I my whole household & the
Lord's! The first night we slept
in this house. Mr. Lane to the Consul & Mr.
Stearns put up our bedding for us &
made up our bed. Husband & I were
both so fatigued that we should have
slept on the floor had it not been for
these kind friends. We have for a

number of publications for one year
since they were taken. We have had
him up to an tested to some degree
in. Minnie Holman met & helped me
clean & put up things in the linen closet
& stored room - she also sent us a little
tard for our dessert. We are all doing
here quick. She brought me a new clock
1 & 1/2 plant the boys in a pot. Miss Mrs
White has kept us supplied with beautiful
flowers ever since we came. Mr. Holman
has a garden a set of bed curtains & helped
make & put them up. He gave me also the
trimmings for a top. Mr. Holman had
sent me some time in Feb of this year
Eliza sent us a bag of cherries & 1/2 pound
of her own - here on Sunday last he gave
us another. I will send you yesterday some
sweet potatoes & pea seeds & when it is sent
all. Sending us vegetables from the garden.

There are two sick persons in town
I deeply interest in if indeed one of them has
not since last week passed into glory.
She is a Scotch woman named Garrison

who was injured during the great earth-
quake & inundation lately at the
north - she lived in Arica & attempting
to rush out of her house the front wall
fell on her & buried her completely
except her head & left hand & arm.
Then after she was dug out by her son
the sea came in & she asked him to
run for her tiger which he did & she
continued in the water from six pm till 3 a.m.
she had caught with her teeth a door floating
past & went through the broken plank
thus keeping afloat. She was taken up by a
boat from the "America" a Peruvian Steam
ship. where even her husband her visit for
success.

Nov 19th Mr Davidson died till he 10th
of this month - I had her moved up this hill to
Simon's house where she could be in a place
and room & hired a man for her to help
her son William who was born on 1st with
his long watching & nursing. She lived
11 days & weeks on this hill - a great suffering.

I can help her as my own means allow with
food &c. but cannot do with Mr. Gaidson who
seems to be a fine man, provided for the suffering
in the Northampton place. He is in a phreatic
room & he is here with a good income who
is at the Exchange. I told her up in a small room
+ no attendance at all. except as her husband
can give it. The poor man is almost disabled
sitting in a chair for employment. Mr.
Oliver has promised her husband to try & give
him something to do. Mr. Mervin came
down on the Saturday the 6th of this month
with Mr. P. he is still there. She is still
the same & to be by she is coming to me
as a friend next time. Mr. Ralph
died in Santiago on the 2nd of November. I had
written her a letter the 1st of November but
thinking her as so near, I did not
send it. Mr. Mervin told me she is still

I am very ill & indeed I did not write to her
I think in some other place some years
ago - she not writing much. my guiding
soul & with her great love of the Lord as a
minister of Jesus Christ - she has always
been a friend to her - & me too & I always
called on her when in the City. I hope she
was a Christian woman. To her as a de-
voted mother & her children will miss
her death. On the 2^d of this month which
was Monday. Maria - who has lived six or seven
years with me before - came back as cook
my old cook Catla who has been with me since
therefore suffered too much from the heat of the
kitchen & so is obliged to leave me. I was
sorry to part with her but glad to have Maria
come back. Catla comes on Sunday to hear
our Scripture lessons. I hope God has taught
her much. On Tuesday the 3^d John Smith
an American speaker has just called
on our services. He is a grey headed
old black man - who told me he would
come to me for eight dollars a month.
I told him I could not give more. Well -

he will come & see a time & he is
a delightful servant. He will
attend the gentlemen's rooms & look
after the garden & grounds.
Keeping everything tidy & very little I like
to see in the house. He follows him
about with a child's delight & he suffers
him to help, or hinder him in the great
patience. She goes up the hill with him
with the children & the fine land &
now we have the garden & in the
evening she is the lady & the
child will be a creature to me & now
in the house & are as usual to me & now
the house & I am at the garden & the
who does all the work. You'd think
I was more faithful to the house & more
in the morning & the house & the
then will be the same to do.

This week our man of the house
Dinner came up for the first time
to see our new home. She & the family
much pleased to see him & he & the
put the up an elegant table & a

and then she sent up three or more to select
one. I took a piece with me to decide
with just a little snatches all my furniture
or window curtains. She said the two
found it was the only thing needed to make
my drawing room complete. I had
wished much to purchase one but the
price fifteen to twenty dollars prevented
me. It was so kind in her. The
cabinet she left her I understand on the
12th of this month. Gladly last sent us
a good many plants in pots. She gave him
a new silver Duff & to another sent a
beautiful Chateaux vase which now
adorns our mantle. In the
dining room filled with beautiful flowers
from her garden. It is a great
convenience to have some. There are
fine things. I wish to get some
more plants to do so.

This rain over the other day a new
cup for Linn & Julia. My gift to her
all in beauty and we are all the flowers.
We present sent us some chocolate.

One day I was down in the valley
that I did not take any more of

did not like to see me. I was
very much surprised. I had
if I had a silver mine. I was
state it is very hard to find them. I
know. I was very much surprised. I

I will now be endeavoring to catch after my and
like. I have some more traps & tomorrow
will be in the field at Mr. Miller's house,
expecting to find them. Called at the Bassett's
lunched with Mr. Florence who came home
& lunched with me. Mother went down with
me in the morning to see Mr. Florence & to
help the day with her & go to prayer meeting in
the evening. She will be so kind by the
way to go. Mr. Florence must be in the
evening & the north east wind is so cold the day
with the wind. I will be home down
hill & will be back to see the day
at home dinner time. Good night.

The young child died last night. The
name of the child is I have seen it. His
life was very short. Mr. Florence came off
the day with eight chickens - two of them
had been accidentally broken - & the others were
all dead. The Mrs. Florence is after the chickens
and the other two & left them to be taken to
coast the day. The wind is so cold the
chickens are all dead & the other two.
I have now had one hundred & some eggs.

from the people. The people are called to
the Church.

Monday

Dec 27th The children here all had a happy
Christmas. Annie has had the measles & has had
her days in bed, but kind friends have remembered
her & from the Christmas have come at Mr
Baker's & the other Mr Miller's, & the
nurses to her. I was called down here. Then
I went to the Grand one at first Miller's & the
children here a present of a beautiful
dark lace bonnet. The Rev. Mr. Stewart
of the ship, & the Rev. Mr. Miller.
Carried to the home with each house
& found a number of the children
on Christmas eve. I gave them
a number of some little gifts for them
- little toys & things which I had. They
have been very kind in giving the
other children some very nice at
their examinations. I had a letter from
the other day when I wrote to the
other letter, then there are to be a
month's vacation.

The Rev. Mr. Thompson & Rev. Mr. Brown of the Anti-Slavery
Society were here last evening - I was very sorry I
could not attend - but as I wished to hear
the sermon this morn'g & had engaged to
go to Mr. McKim's school with Mr. Clark
the Congregationalist this morning, to pass
judgment on the singing of the girls, I
was not strong enough to do so - I walked
in a day - I cannot see the necessity
of ever being made lame & I sometimes
doubt even now that health is sufficient
to attend the very gayest & for this I
must be grateful to God.

Miss S. & I saw a box of tobacco &
some other things sent to me from
back the little one - She & her husband
& Mr. Clark & Mr. Balfour took tea with
us one day last week - Mr. & Mrs. Thompson
were here to tea last night - Mr. Gilbert
came from Santiago this morning -
last night, with us - I am sure I am

Feb 5th 1859

More than a month has elapsed since
I wrote my journal. I have been very busy
this year thus far. On New Year's day we had
Miss Wynn & Mr. Solodovich the two girls & Mr. Clark
unexpectedly to lunch. Miss W. & the girls spent the
day leaving early, & in the eve. Mr. & Mrs. W. ...
... of ships of war English & American
amounting in all to eleven persons I think
unexpected all but welcome. We try to be al-
ways ready for visitors.

The children had the month of January
as vacation & commenced school again

on Tuesday of this week. 3^d of Feb.

John & Paul are at the South still, in
state a house visiting their Uncle & family.

They were invited to go by Admiral Surin
of the Powhatan & went under the care of the
Chaplain Rev Mr Stewart & Mr Muller a good
christian gentleman. They have written
us & are enjoying themselves finely.

They are to return next week - by Steam
if this Powhatan does not come then. We do
not wish to have them lose more of their

studies. I went week before last out to
the Salines to make Mrs. Surin a visit
of a few days - taking with us all the children
for the day. Mrs S. insisted I should keep
all the girls & so Stephen & Millie return
home with Papa in the evening. They came
again for us on Friday of that week.

Mrs M. Merwin Nurse's baby is being with
us just now. He has preached three Sundays &
is to preach there more here & there at this time.
We said they would come if we would consent.

to board them - so husband contracted & named
seventy five dollars as the price for them all.
Of course it is only a nominal price - I would
not continue to board them at less than
one hundred a month & then he only paid for
outlay. Our expenses are very heavy. I do every-
thing I can to economize but with so large a
family it is difficult. I have a Mexican woman
in my family serving that I took in charity
but I shall be obliged to pay her wages for her
work. Though I do not need her - or rather I
need a much more efficient person. On
the third of January I paid my servants &
John Smith disengaged this Monday taking
all his clothes with him & he has not been
heard from since. Carmen my serving
woman shakes her head in case of the
gentlemen's rooms aided by the housekeeper &
Juana the cook lunches all the week I pay
her a dollar & a half a week for it.

This week on Monday Mr. German &
Don Carlos came lunch & I took tea with
us - also her son in law & his four children
were here in the evening At tea - (Saturday

Mr. Craigie & his two sisters spent the day
with us. Alice had her fifth child & this
son on the 8th of January - is remarkably well
sometimes. Mr. Aladdin came for me early in
the morning but the child was born before we
arrived there. A very good day for us - a beautiful
day. I was quite sick yesterday with
cough & hoarse. Let the same trouble to
day. Mother & Mrs. Mearns have gone to
Mr. Goldfish's to spend the day to day.
Miss Hagen was married by my husband to
Mr. Brown. a week from last Saturday.
The wedding fee. was thirty dollars! a wonder-
ful thing for us a fee. We were all at
the wedding for a short time & Mother
spent the night with Mr. Aladdin.
Saturday 27th

Feb 27th My birthday! forty five years old
to day. How full that year of the loving
kindness of my God. He I would be his child
in ever thought feeling purpose & desire.
This has been a sad sad week to us. On
Wednesday lost at two in the morning the

Fire Ball sounded out & we heard & saw that there
was a large fire in the Port. McLoopp was on fire.
A young man - Freeman - Mr. Lawrence & others
both went - the fire raged & destroyed a number
of buildings but - Sadler's and wall fell down
& buried three or four under it. Lawrence
was among the number & Calden also was
there & blown but as injured - Mr. Lawrence
was so badly wounded that he lived only a
few hours. He could not be brought up the
hill but we sent down his bed & dry clothes
& made him look more comfortable.

A gloom was the over on the whole commu-
nity - business was suspended till Friday, the
flags were all put out at half mast & the
Fire Companies drew the bodies of their com-
rades to the place - followed by thousands
of citizens - all the dignitaries of State
& dignitaries of the land were present. Three
of the young men were killed - one instantly,
the other breathing a short time after they
were taken out but perfectly unconscious.
Charlie Lawrence has been with us ever
since & will remain till Monday. I know
& love his Mother & fear the effect of this blow
on her - She lives in a very delicate
health. I pray for her - A lip, Glou. has

thought you a most beautiful pair
of work for a corner piece or esquinacea in a
drawing room. Mr Goldfinch also sent me a
flower vase to adorn it & dear Fannie gave
me a night gown bag - crocheted & lined with
pink very pretty - I value all these things very
much as expressions of friendship

May 14th Nearly three months have elapsed
since writing in this journal - I think in order
to redeem it from a monthly or bi-monthly char-
acter. I must resolve to write a little in it
every day - then I should have much more to tell
to write. He entertained many friends last month.
Had three evening parties - The Perrins left us to
go to Santiago & sell their house on the 12th of last
month - having been three months pleased to
be members of our family - They then came & made
the 14th birthday a birth - while they were getting
their house ready - They have taken the
Livingstone house - Alexander Livingstone
& his family left on the 13th of March
for England - We have heard from them at
Parrishville - The made visits one each
a present of a new fashionable bonnet

before she left. My head seems to be well, and
I am by no means - indeed nearly all my
articles & drops are gone. I do not think it
right to spend much on Drops. We have so large
a family & so many expenses. I have bought one
Drop only this season a Blue Merino.

William has been suffering from a Cold
in his neck. They entered their house
on the 12th of this month they. I called to
see them with Mrs. Simon Junior after calling
on Mr. Petrie at Mr. Haines. She was out
and did not see her. Mr. Simon was out but
William had not yet come down hill.

Mrs. Whelwright had news that day of the
death of her father & this morning. This
It is well they went to their house there.
Yesterday a Motherly Storm commenced
& is still continuing. The Steam
Tug "Glen" was to leave yesterday
but is detained though all the Passengers are
on board because the horses of the
company are not on board & the

samples have paid ten thousand
dollars for their carriage and to Montevideo
from Callao. Our children went to
the circus last week one afternoon
with Alice & her family & enjoyed it
very much. There are so few public
entertainments here for children that
I was glad of the opportunity to let them
go which I could not do in the right time
I hope there is nothing wrong in permitting
them to see these fine horses & such
and horseman'ship. I do not wish them
to feel that we desire to prevent their
innocent enjoyment of any pleasure
that is not in itself sinful. For the
same reason I should not forbid their
dancing though I hope they will have
no great desire for such worldly
pleasures. But that I would see them
all walking as Christian disciples.
It is my heart's deepest desire to have
them glorify their Father

Mr. Parhatten has left us for home & one
quind, the Rev Mr. Stenwick & Mr. Miller. - All stop,
we miss for they were frequently with us.

Whillius made us a visit a week. He was
detached from the ship to go home to his family.
He made me a present of a tea set of cups
& saucers & plates. I gave the girls a fine large
doll - a cut hair to whom Alice had
given one & he gave her a handsome doll
in return. The girls enjoy their dolls.
Minnie brought me her bath night when
Mr. Clark was here & asked me to wear it
for her a little while & the Consul seemed
as much entertained as a child at my taking
it fondly & telling her I would come for it
while she was gone. They are a pleasure to
family & we shall miss them when they are
gone. They talk of leaving on the 3rd of
next month. Mr. Clark is here daily to visit
the ladies often. This week ship home. Mr.
Fompson, Mr. Allen, Mr. Cairns, Mr. Proctor
to the ship. Alice & Rev Mr. Wilkinson in Callan,
have been visiting in home. I called at home

musical powers greatly. Alice & some

with me on Wednesday - the four Mills

mats. and Carl is very pretty for the week.
Mr Cornish sent him a nice fruit cake

young. We gave the pretty rabbits
away as they destroyed so many of my
winter plants in the flower garden.
Mr Merwin has called to day. first time
since he went to house keeping. He has
been ill with Catarrhs in his neck.
The Smiths - Rosa. Anna & Sarah have
just called. Gave Mr Merwin a handy
pack to show him when he calls - use them
only as medicine. I have not yet eaten one - husband
& grandma like one occasionally.

June 5th Saturday P.M.

happy one - only drawback is that mother
is ill in bed most of the time - Sat up on
Lone or two to day. Miss Home. Lunched here.

spoons & a very pretty lace collar. Mrs Clark

hang it in our library or sitting room.

he much needed & Johnnie gave him half
a dozen for handkerchiefs - very nice ones.
Mr Jenkins sent us half a dozen trees.
two fig trees - two tropical fruit trees.

planted to day. Last week on Friday
husband & I went down to Mr Jenkins & he
gave us some garden vegetables for planting
in a garden we had made at the end of the
Kitchen building - We all - husband children
& I worked hard on Saturday in planting
them. Monday of this week the last day
of May was Said's birthday - Mr Sturges
& Mr Edgins made him presents of great
value. Half a dozen coats & a nice

book. Mrs. Hill sent him a day or two. Given
an album for Photographs & a silver tooth
pick. He purchased on his day also a
Norwegian pine tree - from twenty dollars.

We are having the hill at the back of
the house prepared for trees. I have a large
bed of Strawberries up there. Mr. Curtis sent
me the Strawberries. I have also a bed of
them in the flower garden in front, brought
from Mr. Jenkins garden.

On Monday Sam had four of his school
companions to dine with him. We had
boiled turkey with oyster sauce & roast
beef - for dessert - tapioca pudding - grapes
& apples, nuts & raisins. Captain Vinel
& Dr. Olaff Page dined with us also - the Cap-
tain by invitation - Olaff - happened in - or
rather came to see Grand ma at that time.
On Monday we also had our first
prayer meeting - There were eleven
young girls here - The two Forleys

Jose Vasquez. Lavinia Applegate Julia Mueller
Fanny & Frederick & Emily Morgan.

We had a very pleasant meeting. I
do trust God will bless us in meeting together.
I have also taken the bible class & visited
many of its members. There are thirteen
that I know in the class. Perhaps some
others may yet come. I love to teach God's
word - I love to study it preparatory to teach-
ing & I shall pray & work for a blessing.
Had a young woman named Clark come this
week to ask baptism. Had faints - thought
she was dying - felt apprehensive & thought
if she was baptized all might be right - wished
to do something to please God whom she felt
was displeased with her. I begged her to seek
forgiveness of her sins through the sacrifice
death & thus truly becoming his disciple
be baptized & one of his professed children.
I prayed with her - begged her to seek in
earnest & to come & see my husband.
This she did on the following day Wednesday
I cry & desire that I have not seen her.

As soon as she goes to church tomorrow
that the Holy Spirit may not leave her
till she is truly born again.

I called on Mrs Philbrick & Francis
Eastman on Wednesday. after going to
the dentist, with Mrs Simon.

On Thursday called to see Mary Smith &
Anna Smith - the latter colored - members
of the bible class - then to see Mrs Blaney
who is very ill with dysentery & a cough.

prayed with her. called to see Ellen Akin
who is ailing also - she promised to come to
the prayer meeting if well enough next week.

We have changed the day to Tuesday - from
three p m. - Billie cut his head very
badly yesterday - playing in my room.
fell & struck a sharp part of the bedstead
& laid his head open to the bone. I held it
pressed together till Sam came to the drugist
& got some sticking plaster when Mr
Brasier assisted me in doing it up - had
just finished when the Dr came in. We
thought it well done. - Later in the

evening David had a fall, & laid a great
lump on the back of his head. His friends
were but tending him in America seemed to
relieve him & he is all right today.

Saturday Jan - 18th 1853 It is a week to
night since I wrote in this. All my bible class
present at Sunday night. Miss Mendenhall
is not ill now. On Monday I called to see Mrs. Lee's
sister who comes here from Caldecott with her family.
She has been ill a year & is getting - she may
not recover - she is anxious about her soul.
I talked & prayed with her. She seems to be
to me for calling. Mother continues to
come with her coat - she is about 100 lbs
& returns early. When friends call to see
the fairer heart but a time of 10 minutes
sent me a bundle of yellow some corn
& a large bottle of Colicure. The last 3 were
given by her. Mrs. Bassett sent some of the Bishop
Smith's a great article here. She has enjoyed it
very much. On Tuesday we had our first
at the prayer meeting - a great lot of people
meeting we had. When others were

Mrs. M. Foxley also took part in the service of
the read & selected the hymns for us - I asked
me about the middle of the meeting to pray
- she did - many hymns repeated into God's
praise. I have done the family darning these
two weeks past - I have done me a new top
- silk - brosted ribbon - one also to go to the
color-brown - I am better - I went up there
on Wednesday, & Thomas had me to go in - see
the Browne which did as I said she
would like to see him. She is in a state
to see him that she lost. I tried to point
her to Jesus as the only source of the soul.
I pray God to bless me & lead me to his off-
spring - I saw & Rosa & with much
- After the day I was there & promised to come
to work with me one day next week. I am
not sure how long for then I will send in the
sum - she is a very good person & I
must be sure Christian. though she is a back
to faith of her - she is a Roman Catholic in
her heart.

Friday June 18th Today Maria was
lunch with me - wrote one to H. off - I
yesterday but it is raining hard today

as she cannot come. I have been - something
of an invalid all this week with my cough
that has troubled me there three weeks past.
On Sunday I was out all day. Mr. Hewin made
a Spanish service - a good number present, but
Mr. Micke not there. I did trust she was
touched by the Spirit of God & would continue
to come. All my little clasp pen & except
quite warm & the left shoulder & some with
a headache. On Monday I called to see
Mr. Lewis & took her some. I also felt
on Tuesday we had a very nice meeting -
pleasant one. Then I left so that I could
the girls & spoke a few words. They could not
follow them. When I called I read with some
& hymns. Mr. P. Parker was here in the sit-
ting room with Mr. Thorne when we were
out of meeting. On Wednesday I kept my bed
all day at husband's suggestion. Being
a little troubled by a little with cold. On
the night. On Thursday, I was as usual, we
had Mrs. set out at the mill, but the rain
is refreshing exceedingly. I have not
been out & read them. I looked in them

Mr Stewart. The Pilot says, if the vessel
Captain MacDougal had married & taken
home an American who has professed in
Virginia. but in desperate circumstances
here but he refused to do so when he heard
his right name. Said he had known him
in lat. forms as one of the most influential
& useful of the abolitionists, & he could not
think of leaving him as common sailors
was bound & so he was a rebel & had killed
a man for expressing union sentiments.
he would not have him in his quarters
or with his officers. I do hope it is not
but I am sorry for them all. I sent him
a coat & a pair of drawers. The ship gave us
the clothes for him. I did the family laun-
dry yesterday. I am content that up this
time. I am in steady. I have
took his lunch down with him from 1 to
4 o'clock till dinner time. The children are
at school except Annie & Julia. I received a
letter from Miss Michael. The last mail &
one from Mr. Patrick & Mary.

Friday 1 A M. June 25.

I am waiting for husband to return from a party at Mrs Woodgate's & after visiting Mr Gillett & learning my Bible lesson I take up this journal.

Mamma, Eastman & Alice & Dr Olaf Page lunched with me on Monday & Mr Thig & his sister Rebecca Livingston dined with us & Mr Thig & Mr Morrison came & took tea with us - On Tuesday we had only five at the prayer meeting - Jane Knapp could not get through with her class that day in time.

June 28th Husband Johnnie & Stephen & I went up to Santiago to be there at the opening of the Spanish Protestant Church. Mr McLean & Mr Hanes went to a dance. Mr. & Mrs. Gage & Mr. Simpson came up in the night train.

The church was dedicated on Tuesday the 27th - a feast day & so we all lunched with the nation - gentlemen & ladies.

On Sat. day, The 8th of Oct. we had a
meeting because of the rain. At
which we had a Miss Thomas who
was for home. The same Thomas was in
the afternoon in time for me to go
and say good bye to them. On Saturday
evening the 11th of Oct. we had our meeting - &
were to have a good meeting.

standing but our communion began
at 10 o'clock. When the
Lord's table was laid out the
communion began at 11 o'clock.

I have had a good deal to do since I have
come back from my vacation at home
and have been in the garden & among
the flowers and a little. The house is
cleaning house - but is very good
now.

July 27th Tuesday Evg - yesterday was Mother's
birth day - Mr Thompson & Mr Mackay spent
the day with us - In the eve Mr & Mrs Goldrich
& Miss Horn - Mr & Mrs Merwin, Mr & Mrs Rakey, Mr
McKay, Mr Roxburgh & Mr & Mrs Alcaide
passed the eve with us - left after eleven.
Mrs Goldrich sent Mother a handsome
ring for her feet worked by her own fingers.
Miss Horn & I had the had knitting for
her - which had given her a dress - which
she wore on the occasion & she sent a
beautiful case of flowers - all arranged
in the vase & some fresh vegetables from
her garden - Mr Simpson sent a yellow
rose lace collar very beautiful &
two hemmed & stitched pet handkerchiefs -
Mr Merwin bought "Wanderings" one

"Bible lands & seas" for her - so she had a very
pleasant day all together - Julia's birth
day was on Sunday the day previous, but
I gave her a party on Saturday - We had
the little Goldfish girl - the Mills - the
Allardies & the Gays - a many little
company - spent all the day till Goldfish
sent Julia a pretty child's book - "Young Mr.
Puffin" Miss Moore sent her a doll - I used
to make her own hands - most beautifully done -
The child is delighted with it - & wishes to show
it to all our friends as they come in - Mrs.
Will sent her a 3 cent bottle & a box of blue
ribbons - Alice bought her a new Spring day
& one for Annie & a toy box of horses, sheep
puppies & animals that she enjoys very
much - She was so happy yesterday
& seemed to think Grandmamma's birthday
her own - She said "I have had three birth-
days Grandma" - Today I have called
with husband on the English Bishop, who
arrived on Sunday last - He did not
strike me as being much of a man - but
I had no opportunity for listening

to his conversation. His wife after she
came in & brought her children whom
she said she had just bathed talked
incessantly. She seemed to have a most
pleasant impression of America &
seemed to know that I was an American.
She said her son now fifteen & one
six feet high had been a education
concord N. H. by American friends who
would not receive a cent. During
I found Alice who had lunched with us & also
W^m Davis had lunched.) & called on Caroline
Willman. Then I went to Mrs. Urquhart whom
I had engaged to call on Sunday last -
she talked for an hour & a half -
most of the time on religious subjects
& made an engagement to study God's
word together every Friday at half
past three. Her home changed once
more something again to Thursday.
I am so anxious to see the people

number. That I have told them I will charge
every day till all have been told & then
if it fails I shall have to give it up - but
I hope some will come eventually. The
woman seems interested in it & so do John Miller
& Perry & Steadnick, but Mary Ann Foxley & Old Man.
The Harpist seems to be interested - Ah
that old man would pour out a spirit of earnest
prayer in the church - May that children
continue to comfort him with their prayers
on Sunday morn. I called last week to see
Mr. Vandeland a barber's wife who has recently
lost two children is here in delicate
health. She was formerly a church
singer in Rushville but here has let
go of her profession - has gone far away
from her family - I begged her
to return to them - She said a good deal
of feeling & thanked me again & again for
calling & seeing her & praying with her -
Mrs Lewis I see occasionally - I hope
God is bringing her to Christ W. I took
home some work to do yesterday & sent
her some books on Sunday for her child.

I am to wear to church. The fourth one
Mr Mackay took to make for me -
I rec'd this week a letter from Mr
Laurie. Mr Elliot's letter very has and
a most strange & unchristian sort
of a letter - finding fault with him
for using the first person in dedicating
the church. I think some one has put
him up to this - instigated by Lata who
likes to produce discord

Sunday eve Aug 29th I think this is the right
date. just a month since I wrote in this
last - I have met with Mrs Chubb every
Sunday till day before yesterday. I going
there soon with her coming to see the next
It was her time to come here this week.
I hope it was health or some other thing
rather than a decline of interest in God,
word that kept her away. Our prayer was his
last six the past Thursday. Ledwards Mr. In-
hold a daily prayer meeting - a few attending
it for quite a few hours & twice a month
at noon. I have seen at it & am enjoying

the prayers. I have called two or three times
on Mr. Sunderland this month & he has promised
me to attend church & send his children to
Sunday school. Mr. Ruess I have not seen in
three weeks. His children come to Sunday school
& report him as much better in health. Mr.
Garrison has changed his hour of service to eight
p.m. & our servants have all gone. Husband
is in bath & said so the last time in bed
asleep. Grandmamma went down to Mr. Garrison's
last Wednesday to make them a visit. I
called to see her yesterday & finding Mr. G.
had gone out I took her to visit Mr. Baswell.
He lunched there & called on Mrs. Wile, Mr.
Simpson, Mr. Stearns, Mr. Burroughs, Mr.
Forsythe. Then I took her back to the
River & called on Mr. Boscawen. Mr. Ash-
croft spent Friday afternoon with us. The
Bishop of Honolulu, his Chaplain Lord Charles
Murray, Mr. Bouchier & Mr. Weyne lunched
here on Friday - her band sent one bird
from the school. A. L. gave a steak & made
the sheets during the Bishop's time with him.
We had a ~~good~~ lunch & a pleasant visit from them.
They spoke highly of Maria & Johnnie in their

mathematical examinations - The children
are all doing very well at school - Mr. Thayer
spoke of Thayer's progress when he called
on Friday afternoon. Mr. Day called also on
Friday to Miss Humeon with the Jackson
children. I received a pleasant letter from
Mary Swamy the past week & one from
Miss Fayer also. I wrote to Mr. Day because
I had some encouraging news to tell him
of the effects of his labors in Falmouth.

Charlotte Burton also wrote a pleasant letter
to her husband & sent me a Turkey & a large
sauce. Duped for something. Mrs. Bassett sent
us a quantity of apples that we had for
lunch on Thursday. Maria & Mr. Humeon
lunched with us. The Will girls spent the
day here on Wednesday. Miss Humeon & the
Goldfords, the new American Consul General
Catonell & Mr. Delany have dined with us the
past month. I cannot remember all, but
have taken tea - as was the custom - see Mr.
Clark a young American Alien's husband
Mr. Ralph. Mr. Rogers Mr. Thayer Mr. Prink
see. Mrs. Wheelwright sent Maria a very valuable
present last evening - a new black

Silk Dup & a square - cloth for apron.

Mamula Eastman sent me two fruit bearing orange trees for our friends. This week she has sent me one before.

All our fruit trees seem to be doing well. We shall have fruit this first year. I think at least we have the promise in the blossom. Our dear children are improving daily in their unfolding character. Oh that God may seal them all as His own! I have no other thing to write for them.

Stephen & Willie have been riding & about from school the past week that they are quite well again. Today it has rained hard & I don't feel like to have not returned yet. This evening it is clear. There was no Sabbath School. Mr. M. is not to have his class on Sunday at noon so perhaps we may dine at one on Sunday. We received a half box of tea from Mr. Balfour this week. I have taken a new servant "Humeinda". She helps with the gentleman's rooms & then sews. I hope to have Camargo out among the country women as a sort of Bible woman. Will see what she can do at it. We have had

letter from Miss Thomas & Mr Clark this month
& have written to them - The Reindeer an English
ship of War has been here again & has left.
We often see some of them here & have
many of times & lodged with us also -
Especially Charles W. Hall - we think very highly of.
He united with our church while here some
months ago -

Sept 10th 10 P.M. I have just finished
writing to Aunt Mary in answer to a letter
received from her two days since telling
me of Uncle's dangerous illness - Sub Pa-
ralytic stroke - I hope he is better - but
almost fear to hear again - The Nation-
al Association commences tomorrow.

today noon till next Tuesday - Since the
family with the MacCallisters have gone

has moved his house - there is behind the
main carriage belonging to the
owner of the house - Mr. Butler and is

der the report. A good match - I am glad
at it. Mrs. Wickett & I went till every
week she once she was about was
because she was ill in bed - she came
with me last week, & I went with her to
call on Mr. Garrison. This week she has
called on husband & talked with him. Oh
I do pray that my Father may make
him His own dear disciple - I long to
see him using his talent for Him who
died to save him. I received this
morning a letter from Mr. Weymouth, one of the
birth of their first child, a little daugh-
ter born on the 14th & I am sure it came
directly. Mr. Weymouth is dead & I have
promised to give his wife some de-
cent clothing & ten dollars a month
she is to work as she can - the boy will
then go to school. Sunday was our
communion season - most delightful
Mr. Blomley visited with us by profession

the holidays I think - Mr Sim - Mr
Munty & have sent some clothing for the
poor - Mr Jackson & Mr King some very nice
articles for Mrs Page - Mr Page has
made very ~~summar~~ ^{superb} bonnets & hats
for the children - She has great taste
& is very kind -

Sept 30th The City is in a state of great
excitement & has been for several days
in consequence of a prediction of earthquakes
& tidal waves - from the 30. to night till
the 5th of Oct. Thousands are leaving the town
& hundreds are moving up on the hills having
their nine homes for Pease hats - Ah how
good it is to trust in God! I feel not the
least disquieted - knowing that my
dearly Father holds the Universe in His
hand & has his little child also - I have
come to the child & God - only pity the
poor people & wish they could learn to know

& Just the Lord - On the 6th of this month. Mrs
Wick & Guston & some of her daughters &
Mr Haney lunched with us - She was here as
Friday to day she could not read them as she had to
be off to Santiago so that tomorrow she should
be out of her house seeking security from
the supposed incoming sea. On Tuesday
of this week the 28th Johnnie's birthday. He
had a party - numbering in all twenty -
in the evening. They enjoyed it much. Mrs
Merrin & George Allardine dined with us -

also. The 4th Defenders Jessie & Maria were here in

There were seven of us at Mayors Meeting
to-day. Fanny Breadwinke, Mrs Riker, Julia
Muller - Annie Smith Emily Mayors & Christine
Wagner. There except the last are regular attendants
then comes occasionally, only. We are a happy
little school & crown'd with the loving kindness
of our God! We are thinking of sending
Annie & Johanna to the States to school.

It will cost much & be a hard thing to
part with them - but an education such
to give is the great thing to be desired.

May God guide us in all our steps for their
welfare & the welfare of these poor little
ones that they may early learn to honor
their Saviour. Ventura comes to me
to-night & Christina goes - She is a good girl
but blows & suffers much with her feet - When
they are better she will again seek service &
I can recommend her to a small family.

Oct 7th The time for the great rise in the
tides has passed & no harm has befallen the
city. Will the people learn to trust & love the
Lord who preserves them. who holds the waters
in the hollow of His hand & withholds judg-
ments that shew His power. When will they
learn righteousness? when cease idolatry?
Hasten the day when Lord's shall be the day!
Mrs Will & her four children have slept
here since Monday the 4th but tonight
they will sleep at home. The little girl here
been here all the time & as has still -
Mrs Will gave birth last night a Collar &
spr of underclothes - pretty fine work -
She slept in Linnet's room. That too has
been all time Sunday with cold & headache.
He is better today but still ailing. Mary
is at home with Wilkes disarrangement &
headache. A Sunday evening Miss Cannon
& three others - to make up for the
profusion of birth in prison. Al! that God
would pour out His Holy Spirit on us as on
the early Christians & convince & convert

numbers to faith in obedience to this
son! Yesterday I went to visit my
table club members. They gave me a cordial
greeting all of them. Father Muller is engaged
to be married to Mr. Hotchkisson. This is a very
earnest young christian. May God's richest
blessings rest on them.

Mr. White called here day before yesterday. I was
engaged with invited company Mr. Lashby &
Miss Horne & so could not wait with him. He
lunched with us asked for the discourse of Mr.
Chaviz & husband's on the 19th of Sept. & as I had
it not by me, I took it up to him yesterday. He &
all his family are staying at Mrs. Rogers &
we had a long, pleasant & I hope profitable
conversation on religion. I asked Mr. Guise
to come to church & pressed his daughter to come
& bring Mr. White's daughters & sons on Sunday.
My love.

10th Nov. A dear Sam is busy. I cannot
find time to write in now. Took on the
22nd of Oct. at 4 o'clock in evening with to a little
daughter - her second child. I was with her

Quashed & defused the little one with a good deal of
Coff Page was with her & liked his man-
ner. It was as modest as her father's. When
he is a capital tender, but a poor reasoner.
On Sunday the 23rd Miss Moffat's marriage became
announced. The ceremony took place after the Union
& Convention to the evening. Mrs. Lau-
rence's conception of her left last night
and to get her a visit on Saturday.
The 27th Miss Amelia Brown came to stay with
us till she is to be married. The father is
opposed to her marriage with Mr. Brown. He
gentle because of his social position.
He has nothing to object against his
character. He has done all he could to re-
concile the father to the plan. The
marriage is but told him she can't
support the child. He is not a man
who can be so easily convinced. Amelia
should come. He is a man who
is I have been twice with me to see the
Preston & tomorrow we are expected to
enter the marriage ceremony. The
date is fixed. They have at the same time

as Madison said give her some. Of
course I opened, but he said that I said
the Priest told him a bucket full of
hot water when he knows who I
am. Dr. Brown told me last evening, that
