Diary of Jane W. Fitch Trumbull

Private Journal of J. W. T.
Saturday Evening

Jan 1st 1870

This first day of the year has been a pleasant one very quietly passed at home. Wth Sayre is visiting us - came up from Mr. Thomas's last Wednesday.

To day Wth Waller & Dr. Parker Wth May Mr. Mackay Wth Dr. Brant & the two Mr. Laugel, father & son have called to wish us a happy new year - Wth May brought David his school prize for Latin twenty dollars - He had given him Macaulay's Essays as a prize for Mathematics.

Wth May has sent me a box of beautiful flower seeds as a New Year's gift.

Wth Juan Brown sent me a dozen silver table spoons & a dozen do. tea spoons, with two antique cassids & two little vases for a Christmas gift. Linnie has spent the day at Mrs. Goldfinch's taking care of Miss Abner who is ill with dysentery. Grandmother has gone down to Mr. Thompson's to spend

the night & be ready for church tomorrow.
Husband is to preach in the Episcopal
church tomorrow morning Mr Dennis
having gone to California before his
substitute or successor arrived.

Husband married Miss Ley by this week
& he buried Mr McLaughlin's child this
morning - a babe six months old.

Mr Menin will preach for us in the mor-
ning - We had Spanish singing last
evening - I proposed Mr Menin should open with
prayer & he did.

Monday Aug 3rd Yesterday I went with son
David, Mary & Julia to the Episcopal Church to
hear Papa preach. We read Prayers very nicely
& had an excellent sermon on the Text "The blood
of Christ that speaketh better things, than that
of Abel" - Good attendance - then went down
to sing Spanish Chaps at one p m - Sang the
Hymn in it - then at half past two having
Bible Chaps of young ladies in English.

Heard Mr Lacy in the eve on the Eternity of

God fine discourse - for him - unusual - good -
Mustard preached for Mr. Meakin - Had a good
audience - This is a week of prayer - meeting
every night -

Tuesday Jan 4th Yesterday, I sent
Mary, Faith & Elphie to Dr. Nugent's dentist
to have their teeth attended to. He filled one
for Faith & is to fill another & for Mary also.
They have gone again this a.m. I went
with Mr. Sage - to lunch with Mr. & Mrs. May
yesterday - I called on Mrs. Whelan's Miss Thayer
(at Mrs. McCulloch's) who was thrown from her horse
on Saturday & injured - She had been insensible
on Sunday, but was lying very quietly when
I saw her & hoped to be up today. Called to see
Mrs. Peterson - She is better but her tongue still
is slightly paralyzed - After dinner I went to
Mr. Peterson's with Mr. Sage & showed her some
stockings - She wished some to grace her - half a
dozen for her - Lavinia went over this morning
& bought them & two dozens for me - Mother
has some - Faith & I all needing some - Mrs.
Thomason had them for sale - 87 - a dozen

Miss Jenkins sent me a present of a basket of delicious apples yesterday. We had them at dinner & some left for today.

Joel Blake also sent a handsome work box for one of our girls - I have put it away for the present. Mr. Stearns - leaves here yesterday with Mother & Lavinia.

I gave the Bunthman's widow five dollars & a half. She is to go in the country for a month. gave Cyronia one dollar. Gave Mrs. Kinn to receive five & Mrs. Wilson two. There are regular pensioners. Paid Mr. Blake to day for a New Year's suit of clothes for the boys fifty seven dollars. Sent two letters away by the mail steamer yesterday, one to Aunt Mary the other to Mr. Welch in Scotland.

Miss Worn is ill with dysentery - saw her on Friday last. Lavinia is there every day for a short time. Jane Martin has a little girl seriously ill - injured by a fall & the doctors think there is a softening of the bone taking place in the hip. The child is dwindling away - I think it will die & a 'Daddy of God' calls it home.

I saw Mr Martin last evening when on returning from prayer meeting, I went in with the children to Weyman's to pay his monthly bill - He said the Drs were to have another consultation to day & I am afraid they go out again to Lincoln for a number of weeks.

I had all the children except Annie & Julia go to the prayer meeting last eve. - There was not a great number present. But Mr Martin held a meeting also, was well attended in Spanish & is to continue it this week.

Wednesday 5th. Yesterday Mr Brand (Anastasia Brown) came early & lunched with us - Left at 3¹⁵ pm & I then went to see & converse with two of our Bible Claps - Miss Kidd & Mary Blake about giving themselves to the Service & uniting with his people - They are desirous to follow Christ, but hesitate yet to take the vows upon them publicly - May God guide them to a hearty & whole-hearted decision of themselves to Him. Called also on

Mr Thomson & Mrs Elm asked them
to attend prayer meeting - They promised
& were there & the girls - Mary & Miss
Child also - Husband led the meeting & it
was an interesting one - Even the chil-
dren were not tired but enjoyed it.
They all attended as on Monday eve.

This morning I called to say hi,
Youn but she was hysterical & declined
seeing me - Mr & Mrs Finch & babe is still
my favorite - Mother went to mee-
ting last evening & I went to Mr Fromont;
after the meeting & left her there to pass
the night - This morning I went with
her to call on Mr & Mrs Simpson but she is
out in Lincoln, & Mr Hill is then to Mr
Stearns' & leave her there with her
leaving her to spend the rest of the day
there as they promised to see her at mid-
day this night - I begged Mr Stearns to
give her to Christ & unite with his
people - She said she was waiting for her
husband - I warned her again to this

& trust she will consider what I said, &
be led to crow here on the Lord's side, &
thus try to induce her husband to take
the same step. Ah that God may grant
us many additions to the church of such
as shall be saved. Mr. Merwin has been
here all day - Lizzie has cut & fitted a
dress for her - I called on Mr. Pyke
as I came up from Mr. Stearns's
& she came in here later as she went
down hill - Told me to send my love
to her to make sure on Friday - She is
very kind - Husband & all the children
have been out for a Pic Nic to La Jolla
& came home at five with little
apple pie for dinner - Lizzie went just
after dinner to see Miss Home -

Soon it will be meeting time & we
all hope to be there - except the babies.
Mr. Merwin had his name & children here
at lunch & Mr. Merwin came also - Lizzie
& Mr. Sayre came later & then.

Thursday Jan 5th

We were all at prayer meeting last evening - "Those who follow the sea" were the particular objects of prayer. Mr Gay led the meeting - Had made no preparations & had really little to say about Heaven or little to ask for them. But W^m Henderson - Weller & my husband prayed for them & my husband spoke of the need of our making an effort towards Heaven & our Bethel in this Port for them.

He spoke of our great indebtedness to them - all commerce as it were without their efforts & this place become inhabitable for the most of us. I hope our God will hear our prayers & bless abundantly the Seamen this year!

Night before last we prayed for our city & Chile generally - Monday evening for our families & Church - & today the subject of our petitions is the Foreign Christian Churches. Roman Catholic, Greek, Armenian, Coptic & Abyssinian churches - Ah that

God would bless whose Churches & revive
the knowledge of His Son & His teaching,
in them - The doctrines of men & human
teachings alone seem to rule in all
these nominally Christian Churches -

"Come Lord Jesus come quickly!"
I hope to glorify His power & reign over
the nations of Christendom by reigning
in their hearts & lives - Father did
not come home last ev'g & is to spend
the day with Mr. Merwin today & go again to
the meeting to night. I should not wonder
now if the wife to remain down till
Sunday - as tomorrow ev'g is Preparation
Lecture - Linn went down to Mrs.
Goldsmith's immediately after breakfast
to take care of Miss Home. I made pre-
serves of apricots day before yesterday &
put them away yesterday - 3 hundred & others
made 21½ lbs. of fruit - 15 lbs. of sugar - App'
strawberries I have made this season 24 lbs.
& of cherries 30 lbs. We eat suet & meat
on bread instead of butter for lunch - We

had about forty persons at prayer meeting
last evening.

Friday 6 m - Jan 7th

Yesterday Jessie & Mary - Carlota, Mary &
Arthur Goldfinch spent the day here for
dinner time - They all lunched with us - Baby
Branke is very ill - Had prayer meeting with
girls - only four present - Miss, Sutcliff & Stager
& dined with us & went to city for meeting.

good meeting - over forty present - Went after
meeting to make Biddle call on Mrs Alcott
Page - then in to see Mr Wheelwright & Mr M.
Went over his books to walk home as I was suf-
fering so with my feet - He called to see how this
Branke was - She is better up but with her eye bandaged

Lina has gone to Mr Thomson's for an hour -
Mr Lagonby has called & asked for husband to
come tomorrow & baptize her child.
I do not know what he will say about
doing it.

8th Saturday, Mr Mackay our good Deacon's
mother came after lunch & took dinner & tea

with us & we all went to meeting together & then
to the parsonage lecture. I had to wear a
slipper of husband's on one foot - my toes
are so painful & my foot inflamed - I
have suffered with it for several days -

Mother went to Mrs. Gromont's to remain
till tomorrow night or rather morning -
she will return home at night after
church, but we take down her dinner
& lunch & tea to the study where she remains
after morning service. Mr. Lazenby is going
to dine at Mrs. Gromont's to day.

Husband consents to baptize Mr. L's infant
this afternoon at four - she wrote for me
also to come, but my foot will not
let me do more than go down to prepare
meeting this eve.

Monday 10th On Saturday I made ^{the} 2^d more
of spirit, making 28th in all of this suit this
year. Yesterday husband preached as us for
the English Congregation. He is going
to do so 4th time have a preacher. It was

our Communion Season yesterday - I went
to our Church - Husband & Linnie came
down after the 2nd table which commences
half an hour before noon. We had a precious table
batter - I sang my Spanish Hymn just after Com-
munion - then Linnie - then her own English Sabbath
school prayer meeting & came home at
five - not to go down again as usual to
sing service, but to nurse my foot.
Linnie asked Dr Page to come & see my foot
on Saturday & he did & told me to keep still
& not go down hill - but I told him I should
go till after the Sabbath & then I would rest.
She said God would not require it of me if
my foot was ailing - I told him I did not
go thinking any God exacted it of me but
because I loved to go. My foot is no worse
than it was on Saturday - rather better I think
but I will now keep as quiet as I can -

Mr Gillett exchanged with Mr Prentiss yesterday &
husband says he preached well in Spanish.

Mr Sawyer is to leave tomorrow - she has
gone to call on a Native woman with my

Common Miss & her family came last eve'g
from Talcabano - John went down & assisted
them up the hill with McCulloch & the other cutl-
men - Mr Allardie called this morning before
I was engaged - I put on David's dressing gown
& came in the sitting room to see him.
He says they had a charming visit. Thaddeus
Kenton has a little daughter 3 days old - I think
him a little child - He brought us photos from B.
& had a lamb from James Dunn. All was
soaking. We had a very good little dog
Champion sent us on Saturday of two dollars.
I saw Mrs. the Greenham's widow & an English
widow as they have had the medicine.

Macland took Annie & Julia up to see Alice
this morning - He baptized Mrs. Taylor's
little boy on Saturday.

Even'g of 10.

This has been a day of many visitors - Mr
Cutlock & Walter Gay took lunch here - Mr Gay
Mrs Thomson Mrs Pyle Mr Sh. Smith, Mr. R.
min called to see us. Mrs Goldfish's child
is a little better but not out of danger.

Mr McCulloch has been - the infant
husband has two funerals to attend to -
tomorrow morning - one at seven the other at
eight. Am a nephew of Mr Seale. Left
Mr Sol. Dyck's yesterday morning slightly
wounded to go to Mr Simpson's his Aunt &
was dead before mine in the reg. - An
attack of brain - something like sunstroke.

We were greatly cheered last evening
by Mr Binell, one of our young men
lodgers - seeking conversation with
husband & telling him of his wish to
make a profession of faith in Jesus
At what joy this will give to his Parents
hearts! His father is a minister in
Simpson & he brought letters of intro-
duction to us from Mr Balgown our
good friend. This follows so closely on the
week of prayer that one cannot help
thinking prayer offered by his Parents in
Simpson as well as ours have been
heard. I expect Alice will come down
this evening presented by visitors.

Jan 11 6 p.m.

Mr & Mrs Stenstrom called last evening, & stayed till nine
then Alice came with Mr Allardine - Later on from
the Bible Committee meeting where husband had been
all the evening - Mr Gay & Henderson & Mr. Jones called.
The latter stay till the Allardines left at half past eleven
I made tea for them - To day Mr. Peterson & Mr. Gay
Mr. Nelson & Mrs. Jay only have called. The latter two
are to leave for Iceland on Thursday - day after
tomorrow - Mr. & Mrs. Hays has come to Cinchona to
day to spend a few weeks - I have been a
new basket just before the light or any which -
one entirely new so that it is now a collection of the
flowers - The grass - I have made yesterday 4 3/4
of Plum jam & we bottled it to day - Mr. &
Jayne left this morning at half past seven
for Santiago - hopes to reach Talca on Thursday.
• Husband has been very busy all day - He is
dining out at the house with the Stenstroms
is to baptize some infants for them.
• He has been absent from home some time
• prayer with his own family to day - his
duties are manifold

Wednesday ev'g Jan 12th

to day Mother has paged with Mrs Peterson
Fanny Nicholson came for her as promised
to bring her home this ev'g - Dr Bloff Page
called to see me again - advised painting
my knee with Iodine & to keep it
still - I do so as much as I can - Linnie
went down to invite Miss Worme to
come & stay with us - Dr says if she does
not leave home soon she will be
carried up to the cemetery - she is very
feeble - The children have had three of
the Leights to lunch dinner & tea & Walter
Guy to lunch - ^{tea} Mrs Wheelwright spent an
hour or two with me this afternoon - &
gave me last month's & this - Chantry for
the French Widow 10 dollars in all - She & Dr
Wheelwright are very chaitable - I wrote
to Mrs Sayers last evening inviting her
to come & stay over Sunday with us -
with her husband Anne & Child & when
the Dr said Miss Worme must be moved I
sent for her & Mrs W said she would be oblig-

ted to understand the Lawes & know her husband
would ^{be} also. I find my letter to Mrs Lawes
did not go husband forgot it - so we will
wait to know if Miss Home can come
or will do so - I received a very interesting
letter from Mr Black the Consul's wife
& her account of a visit to dear old New Haven
& to dear Aunt Mary. Mr B. is living in
Chicago & tells us to direct to the 4th Nation
al Bank our letters - Mr Spreadwick came
to see me to day about Fanny - I advised
that she & Charlie should be married before
Mr Spreadwick leaves for England with
Mr Wedderspoon - Charlie came to see
me on the 8th of this month to ask my
advice as to whether he should marry
at once or let Fanny go with him. Mother
wished to be married but his Mother
is so opposed he felt troubled to know his
duty - whether to wait & win her over or
to be married at once & make sure of
Fanny. He seems a little afraid to let
her go away - I think if they are sincere

closely attached to each other they had lost the
material - I told Mrs. Head with I would
give her wedding as I had Julian -

The mail to day brought no letter from
Aunt Mary -

Thursday Ev'g Jan 13th

To day I have made 15th of plum preserves
making 2 4ths in all of this fruit. Alice came
to see me & spent the afternoon - At half
past 3 I had our prayer meeting. We
were six in all - Lavinia has gone up to the
~~Goldfinch~~ Goldfinch to take care of Miss Horn - till Sat-
urday when she is going up to Mr Mackay & Mrs
Goldfinch with Brasilia will come down - they
have gone up to day - I write in great confusion
with my children & the four Goldfinch girls talking
to me & about me all the time - Mr. Merwin
lunched with us to day. Papa took all the children
& Walter & Guy out to La Salta again on a Picnic
as last week & they enjoyed it much. Mr. Merwin
called to day - Mr. Head received a letter from
the British Consul to day - giving him the
Prayer for the Republic of Chile to be read

in the English Church - writing at the same time
a note that seems to me to give his official
approval of my husband's preaching in the English
Church - There is an Episcopal clergyman
here now, an Englishman so that they can
have one of their own ministers, if they like
but some do not wish him to commence
preaching because he is connected with
the South American Missionary Society - Mr
Hoane is the minister. I wrote of him in
my journal last year but I cannot
find it any where - Mr Hoane dined
with us once & called but he could not
preach for us. I do hope God will bestow
a large spirit of charity on the Episcopal
clergy - The Lutheran laymen have such
spirit. They manifest it in their cordial
cooperation with other Christians - The
pretensions of the clergy are laughable
if not outrageous in matter - I am
glad this community is so enlightened
as to ignore such pretensions. Had a
note telling me of the birth of another son

to Mimmie Holmes -

Friday Jan 14th Jan -

Wrote a letter to Mimmie Holmes last evening after writing in my journals & made up my accounts. Today the little Yills are here to spend the day & such a noise as they & Annie & Julia & Willie are making. They are all dear children - Julia is a little singing bird, when alone sings all day long.

Saturday 15th

Yesterday I wrote a long letter of 3 1/2 sheets of made paper to Mrs Clark - Received a long letter from Mr & Susan M^r Williamson & sister. Husband came home to lunch & told me Mr. Hoare has been invited to preach for the English people - I am glad of it - though I asked husband about it. We went to make a bridal call on Mrs. Howe alias Miss Sothes - Then called on Mr. & Mrs. May found Mr. Wheelwright. Then read these Mrs. Clark's interesting letters to me - she had sent messages to them - The Allandien children were all here to spend the afternoon. George,

Annier & the two little Hill girls dined with us making
with our twelve children at dinner table.
We had the Spanish singing in the evening & so
tea was late - Mrs McCulloch, Miss Fennell & Mr
Munroe took tea with us. Mr Munroe did not
remain as usual - to tea - Mr Walter & his
Partner took tea with us on Thursday evening.
He was not here until & is now still in
his - saw a lot to day - shown told is the
front - I have painted my Knees ^{with iodine} & did it
yesterday after returning from my calls - I
went to the New Church also yesterday
when out - It is not nearly done & we had
hoped to be in it by the 1st of this month.
My knee pained me greatly after put-
ting on the iodine - indeed all night I
felt pain in it when awake - I have time
to get through with my work, but putting
up preserves in bottles - giving out & arranging
dinners for to day & tomorrow & looking
after Ruth & Mary who keep my room -
ordin. this vacation has kept me busy
till noon - I hope Lavinia will be soon

at home. Monday 17th

To day the boys have y on on board of Captain Cheewick's ship to visit his son who was at church yesterday & lunched there - I was at church & Spanish Sunday school & Bible class yesterday. Found Dr. Oloffe Rose here on my return - who advised I should not over-exert but stop in for a time at least & I will do till next sabbath.

Miss Horn is coming to day to make the house for a while to try change of air - I hope it will do her good - Husband came up to lunch with Mother & me - Faith & Mary have gone to Mr Seader's to pass the day & Annie & Julia up to Alice's, so the house is very still & quiet - I miss the children so much.

Mr. Fremont has just sent me a waiter & delicious fruit - plums, peaches, strawberries & capules. Dr. Rose has been to see me - The girls Mary & Faith have returned said after lunch they went down to Jardin Reine & riding back Miss Seader asked them please to come another day to dinner & it was not convenient to have them to day - This is all

the girls. The Lights are so as usual, indignation, or
my girls say I will even go there again I am sure.
I do not understand it but it only makes the
girls more shy about going out for the day.
I shall rejoice. I do not like to refuse when they
ask me particularly when they are invited
by the Mother but undoubtedly there is some
good reason & the acquaintance is one I have
much desired. so we shall probably all be
satisfied as soon as the girls see, not only
the invitation.

Thursday 22 Jan 20th

Saw before yesterday & yesterday too busy to
 write - Miss Koon came on Monday. Mr & Mrs
 & the girls up in the city to see her - Mr Walter took
 tea with us. His Partner told a good story of some
 Court going into a merchants office while he
 was engaged writing & on the merchants not
 speaking said - Court B. Mr & oh take
 a seat going on still with his pen in Court
 B. I am Mr & oh ah. in a few words
 & still continued his writing. Tuesday Col. Fair
 Chauncey's son came to spend the day & to look

dinner & take tea - This father came up to tea
with us - He had a great many visitors
that day - Tuesday - Miss Ingham here -
Mr & Mrs Merrin - Mr Gay - Mr & Mrs Goldsmith & the
or I am well - Yesterday Mr Fleming, Mr
Captain King, Mr Merrin, Mr Thomson, Mr. McKay,
Miss Wacker - Miss Byler & Miss Harper ^{called} Rebecca
Livingstone dined with us - Faith dined at the
Leighs & spent the day there after her morning
work was done - All the girls were there a lot
of the day - David was out on his ship again at
Arthur Chadwick - Johnnie was too seasick to
come home - William & Elsie are roaming
over the hills with Walter Gay most of the time
They all come in to lunch generally bringing some
friends with them - To day they have all taken
lunch & gone with their Papa I think over to
Maya Anka to bathe & play about on the Rocks.

As Miss Moore needs quiet I am willing
they should amuse themselves away from the
house - though I miss them very much & the
are absent all day. Miss & Julia M. will
sent up for just now so they have gone & the

house is so still. Mr. Allardine bought a
beautiful bouquet to Miss Worne yesterday
a m. I read a book yesterday that Miss
W. brought for David to read "The Channings"
a pleasant family to know. I am sure
we will like it. I was up Monday Tuesday
Wednesday about half past five - today it
was half past six when I arose - but I did not
retire till midnight - sat up reading - Ustian
& all in bed. My knee is about the same -
I must do house work - which is occupied
with Miss Worne so much - that I cannot allow
her to do everything else. The servants are
a woe - the children do their part but I must
superintend them & there are certain things
none can do so well as I.

I find I must have written on Saturday
morning last as I did not mention that
day that Annatia Bennett & Mrs. Maria
lunched here - Annatia served for me while
here on a trip for Faith's - need much
sewing cut out & sew - now applying
self to Dr. Cameron does not have as much

time for doing as I wish she had. - I am all
well from Mother down & am and is full of the
loving kindness of our God -

Friday eve 21st of Jan

Yesterday after writing in my journal Miss
Thornwaite - Mr Goldfish & her children Mr Colde
called. - Husband went up to Aliver in the evening
to ask Scorgie to go with them to day on a Picnic
to Sol Salto again & seek Mr B's advice about
some Bank shares - & he fell down & so hurt
his head & leg & received such a shock
generally that he came home sick & has
been at home nearly all day - Captain
Chadwick's son came & breakfasted with
us in order to go & afterward the three elder
boys went with him to the Laguna & to the
place of our S School festival some miles
away - they walked all the distance &
returned when we were half through din-
ner - Mr Donald Mackay - Mr Esau - Miss
Stinson Mr King & Goldfish & Minnie
have called to day - Alf & Pegi lunched

with us - Alice also was here at dinner time
took soup & tomatoes with us - asked for our
large piler & I told her to keep it till I need it -
I ~~now~~ make my preserves in a large
kettle porcelain over the gas & so the cop-
per piler is of no use to me -

Annie & Julia, Willie & Faith rode
down to see Mr Mason to day - Reges
Aiken that was - They are dear children
all of them & make me very happy - Oh
for wisdom to train them right. They are
affectionate - frank children - but im-
pulsive - Received a letter from Mr Sayre yesterday -
a week from the time of his arrival
home - Praying him to stay only four - but it is
for the first time since his leaving - William Aiken
& Annie Smith & August -

Sat. 22nd

Saturday a m - the boys are up as fresh as tanks
having another long ride to day - had rather
dinner - eggs & cake & then lunch - I should think
walking some twelve or fourteen miles as they
would need it to day - but have not yet had time
to look at it. Alice said not now for the time - I don't

a dance, & I am glad to have brought so much good for me.

Monday 2nd Nov. 24th

On Saturday the boys walked to Cl. Falls & back
& then David went an errand up hill & John in
another down - I cannot be thankful enough
to our God for His goodness to them in giving
them such health & strength. If I only could
see as vigorous a Christian life in them -
- signs of such life I do often see, but I long to
be sure they are all "born again".

I sewed all day on Saturday. Mr. McCall &
& Miss Kame called in the morning - I showed
us some fine stone peaches cut up for dessert
at dinner - Mr. Thomson called in the afternoon
& Alice & Mr. Eldred were here in the eve-
ning - near midnight. Yesterday the 23rd
I was at church all day & to the Sabbath
school - There was a light mist of rain
at the afternoon house & so we had a small
number - only three in my class of twelve
The Applegreens & Christine Harper.
Margie Harper heard from Mr. Burkland.

on Friday. He had suffered much with his throat.

I think of going up to Alice's to day if she is able to send the coach for me. She tells me that Mr. Roughton, Balfour & Campbell are to keep house together. They wish Mr. Birnie to join them each to contribute a thousand dollars a year to meet their expenses. Making four thousand. This is more than their salaries has for his family of three, & his three servants. But we cannot & do not begin to live on our salary. Ah that God would open a door for us to see how to meet the increasing wants of our numerous household.

Tuesday 23rd I went up to Alice's yesterday. She came for me I lunched with her & staid till our dinner time & then walked home. She sent us peaches again for dessert - very nice - Mrs. Goldfish was here when I returned - Our children the oldest girls & the three eldest boys were at a party at the Laidlaw's last evg - a birthday party - & enjoyed the evg extremely - The Goldfishs came home with them. This morning Dr. Church called

to see me before breakfast said Euclid
would be up to see us this week. Mr. Merwin &
Arthur were up this mornin' & took Faith &
the little children down to our house to lunch.
The other children & Father - Mr. Merwin &
Guy, Georgie, Abner & Albert Thadwick
have gone to El Paso in the train for the
day. Georgie & Albert breakfasted with
us. Miss Howe is able to walk into another
room alone today. She went with us to the
table to lunch. Mr. Goldfinch has asked Mr.
(Med - son) to assist him in money matters.
He cannot meet his expenses - After seeking
advice Mr. M. promised to do so if Mr. J. would
show him his books to let him know how
he stood & would tell his wife his true
circumstances. This he has not done & so
has not had the assistance. Mr. J. meanwhile
is dressing himself & family in a most lavish
manner. She has had her girls take music
lessons of a teacher for four years - paying
20 dollars a month to her - sent them to
dancing school, & is bringing them up to do

fancy work is nothing more useful. I do not
understand her. She has told me many times
that her husband complained of want of money &
that she could not afford this & that, but it seems
mere talk - She does not know his affairs,
says he will not tell them to her, & I some-
times question if she desires him really to
do so. Mr A has loaned him money a
number of times to send to ~~himself~~ ^{her} -
- she thinks she is sending it to him. Ah
how I should feel to have my husband treat
me in such a way. I would know his pe-
cuniary affairs & adapt myself to them
as best I could. I fear the L^d has looked
ahead - He has no moral courage & it is
whispered he takes more ^{drift} than is wise &
known that he plays for small sums of
money. Ah that they would turn him
from Christian life & then the world
would be wiser.

Monday 28th

The children all had a delightful day yesterday
& Mr Day called on his way home saying they

had had an uncommon time of it - but he even called George Allardine & Albert & his wife dined with us - To day I have done some canning for me & for father, & Linnie & I together have made pickles & onions & several pickled tomatoes.

Mrs Mackay Jun - Jane Keaper, Mrs Gay & her children have called - Mrs Corne & Mr Pugh - After Mrs Pugh this afternoon Miss Stearns & Jessie & Marigetta called & they remained to dinner & the girls to tea - Mrs Thomson & Mr Underdon & Mr Quinn were here to tea - Husband & I had gone to pray a meeting when they had tea - Since Mr Allardine came home with us - after taking me for an Ice man & we all had tea - There is a great amount of tea drunk in this house.

We are all well to night & feel grateful to our God for His untold mercies -

Sunday 27th Last night Linnie was taken with Cholera Morbus, & came down to me for

medicine - I dressed & went up stairs - She
was very ill & "took on some" - I felt anxious
for Miss Moore & had husband bring her down
& put her in our bed - Annie also he brought
& placed with her in our bed - He read till
he was tired & then lay down on the sofa
in the sitting room & slept. We heated
water for him to foment Linnie's stomach
& I made mustard plasters - After the
morning light appeared I lay on a bed
in Linnie's room - Miss Moore had occupied
a sleep for half an hour or so. To day I have
had my hands full - Washing came to
be counted - one of my sewing women if a
word - another poor woman for boys clothing
that I had promised her & Miss Moore &
Linnie to look after - To came & ordered
medicine for Linnie to quiet pain & mor-
ita for tomorrow morning. Alice came
to take Miss Moore up to lunch & I sent
the three little girls instead so we have now
a very quiet house as the boys have all
gone to walk to Birmaham today.

Mr. White sent her two dag types to say
she would come up later but I think
he would not to come to-day I am too
tired & too busy to see her - Soon the girls

The boys have all gone on board
Captain Chadwick's ship & the girls
to Mr. Sayer & Goldfinch. Faith went up with
the little girls to Mr. Sayer & she I think is at the
Laidlaw. I punished her yesterday for telling
a falsehood & prayed with her afterward - She
manifested a good deal of tenderness of feeling

Mr Goldfinch & the younger children were here this morning - Dr Petersen they left. Yesterday husband preached an interesting discourse from Job "My days are swifter than a weaver's shuttle". The children all seemed to have comprehended it. In the ev'g Mr Jay preached on the "Lupin" & he said a little too much about sin & not enough about the Tempted one - our dear Lord. Mr Merwin had another Spanish discourse on "More all things" "More fast than a good" & "More perfect is wisdom."

Miss Applegreen sent me some Landa apples from

all the little ones first & then the old
folk. I am tired but filled with a
sweet sense of God's loving kindness
to me & mine -

Friday Feb 4th

Yesterday I rose early & did my house work
& then went down hill with Julia - rode to see Maria
Brown nee Brown but she was out - walked with
J to M^{rs} Goldfinch & asked her to bring the child
up the hill for me when she came to see Miss
Worce. She had on her bonnet & willingly took
her. I then called on Miss Jacobot with Miss
Harpur whom I had met in the street - asked
to go with me to show me the way - Called on
M^{rs} MacFadyen & dined with her - I have
helped her in her little separations for her
expected infant - & offered to be with her if she
has no other friend. Called to see Mr Brown -
found him gentle - I had sent her some corn
meal muffins & or breakfast - that she said
were all she ate - she enjoyed them much -
Then went to the store of Williamson & Hatfield
& Co - for money - while M^{rs} Harpur was getting
change & I went in to call on M^{rs} Allardie
& Macallock - The latter told me he was just
thinking of me & showed me a pr of fat
galette that he was going to send me. They

had just come from the country San Pedro
Hernandez - I suppose Alvarado had one with him
the other - I thanked him - came home at
three - had prayer meeting at half past - only
one Miss Sutcland & Mrs. Robinson - but we
had a good meeting. Mrs. Blake & Mr. Thomson
& Mrs. Goldfinch called - Mr. Russell & Mr. Bigelow
two gentlemen from the States - frantically round
the world came & took tea with us - They are
very pleasant & intelligent gentlemen -

Sarah remained up till they left & appeared
very pleasantly interested in the conversation.
Julia & Annie are sweetly attractive children -
Julia had a niece that lay on the ground very
near where she stood playing & I said sternly
'Julia where is that on the ground?' 'Mary',
she replied - 'Oh how can Mary be such a
naughty girl as to take such little care of
a nice hat?' I replied 'Oh' said Julia 'I put
it there'. I went & took the monkey she
spoke so quickly to shield Mary from censure.

Alma sent me some peaches yesterday -

next week - I told her I would try to go & spend
a day - I wish to go & see some of my chaps

a long illness - She has gone to bed now & has
band & all the little ones - Willie Annie &
Julia are making a great noise & talking
to me so that it is impossible - Julia has
just asked me "what is a crown Mama" & when
I replied she said "when we go to heaven can
we come back when we wish to" So I replied -
"why will we forget the way?" Annie asked me
to day if angels brought little children to their
Mama - I told her no - God made them grow
in their mother's womb & then they were born
into the breathing world with a great deal of
suffering to their mothers - Did you have yours
in that way? She asked - yes all have I have
in the same way, but we do not talk of such

things - you are too little to understand all about it till you are much older & she was quite satisfied - I asked if any one had spoken with her on the subject. She said no "only I was thinking about it"

She is a very bright little girl six years last June 12th! I can write her name - Willie is also a very dear child his face is radiant - so full of good feeling & thought. fine oysters & half a cheese - I made a
stew of the oysters for lunch & husband

them to come tomorrow evening & they went

there & yet be an accepted child.

be admitted to the Communion - She wished
to follow & obey her Father's - I told her to
tell Mr Menin her desires - She mourns
her great distance from the Church -
that she cannot always be present at the

guiding & teaching her - On Tuesday

told her I had not had the pleasure of seeing her

at church. She replied "no she had wished to come
but you know we have to confess in our church"

Yes I replied & you are afraid of your Confes-
sion, but come as I do confess to God daily
accept your pardon of Him & then you
need fear no man but can come & learn
to know & love Him more perfectly than
you can now. I spoke of the fear of a

nations for the annual meeting of the Bible
society in the ev'g I defud & went with the
boy after giving him his breakfast to find

time in Town - is married to a Chilean
& has five children - Two at least are grown
up nice looking girls - one disappeared
on way going in - the other promised me

God entirely during his residence in this
land - I promised to interest others in
him & try to see what could be done to

precious truths of God's word & succeeded.

in holding their attention for the hour. Ah that
God would open their hearts to receive it into
their hearts & to bring forth fruit to His glory, &
their salvation! - We had 21 scholars at the
Openings 85 - & 138 in our English School.

This is a most beautiful day. I rose
early & have completed my house work.

Arthur & asked me to go to Mr Delano's
with her to ask about a sewing woman
I did so & though we failed to get her
Mrs Polchen said she would send her
tomorrow to her - It was kind in
her to part with her - I am tired &
run away to bed - Can hardly see
out of my eyes -

Saturday Eve March 12th

I have been most fully occu-
pied this week - Wednesday the 9th I sewed a good
deal - Miss Frances dined with us that day - We

I also remained down till - dealt with
Mr & Mrs & went with them to church -

after church Mr & Mrs Allardie came & staid
till 11 o'clock - It was their wedding day anni-
versary. eighth I think - I wish I had thought
of it in time to take some slight notice of it.

Friday March 25

It is nearly a week since
I have had time to write a line in my
journal - Have been occupied from early
morning till too late in the evening to be
able to do any thing but go to bed some-
times too tired to sleep - house cleaning - with
men here, varnishing furniture & making

one chair & sofas for the drawing room -
purchased at Mr. Taylor's sale. 2 Rowland sofas &
a dozen chairs - Then I have put the old chair
& sofa into our sitting room - new covers &
certain purchases at the sale - so we are looking
very nice & comfortable - Mr. Taylor said
last night coming into the sitting room
"This is like a palace mother" - I do not
think many palaces contain as much
love & happiness as dwell in our home!

Oh how can I be sufficiently grateful
to God for all His goodness to me! So often
I think "Where am I or what am I for?" - I know
that God has so great a blessing on me!

Mr. W. M. M. & W. M. M. were here this
one day this week - when I went to the
at prayer meeting only Nellie & her sister
Smith - I must try & look after the other
girls - I will write to the Goldsmiths
in Lincoln one day this week - Faith &
Mary went out there yesterday morning
to return to tomorrow - Saturday - so day is a
feast day & Mr. Goldsmith meets at his own

to drive them To day James Harper is to
marry Miss Bryden - Gustave will
marry them - Mother - Sister - Father
- I am all to go to the wedding at
2 p m.

Tuesday night 9 1/2 p m - 29th

We were all at the wedding - Everything
passed off very pleasantly except that Mrs
Harper & the Mother was to see the bride - the
bride was tastefully dressed & behaved
more interesting than even the groom.
They were married up stairs in a small
sitting room James has furnished for her & the
dinner or lunch table was set in the
parlor & dining room below & down into
one by the opening of folding door - The
table was adorned in every sense - laden
with beautiful flowers, fruit & delicious
pastries & cakes To day nothing of meat
poultry, beef, mutton &c. in Saturday
morning, we were all shocked to hear

at the death of Mr Allison - killed by being
thrown by a horse in a coach. May's
Faith was there at the time visiting Mr
Z. W. French & daughter - all the other children
went out on Saturday morning to hang
them in & they came safely with dinner.
Husband of course went to see Mr Garrison
& his daughter Kate Allison as soon as he heard
the terrible news. She could not believe
it & told me Saturday evening when I went
to see her that it was like a sad dream.

Poor thing she is only eighteen & a half
& one month & wife - she has a babe
a little girl three months old - Sunday
husband preached a missionary sermon -
the collection was about four hundred
dollars - In all time he put in eight
dollars - I wish he could have doubled
the sum - On Monday - yesterday
morning husband preached a funeral
discourse & buried poor Allison - After
he went & read the sermon at the request
of Mr A & his Mother - I have been ill

with a cold yesterday & to day & I told
a good part of the time - Mr. Mearns
lunched with us yesterday - Mrs. his wife
said I have taken tea with us with her
serving - She staid here all night &
left for Talcahuano this a.m. - It rained
all night & has nearly all day to day.
on Sunday we had a Polish seaman
board the day & night here - I asked
him the Sunday previous to come. There
is no sailor's home in this city though one
is much needed -

Livia has made apple macerated
& jelly to day - she expects to go to Mr.
Goldfrick's tomorrow in Limache -

I heard a short time ago a good
woman that some one said she did not
see but Mr. Linnell's children get alone
and well & were as well behaved as those
children - who are government - Evidently
she thinks there is no government in her
house - because the rule is out of
sight - & our children are a laughing

may be. There is no doubt of that. But
I never let a child brook me with
impunity - Our children seldom do
disobey - But we are careful of their
feelings & do not lay impositions for the
sake of showing our power or of exacting
obedience.

March 30th 10¹/₂ pm - Wednesday

Lina left for Lima this morning - I have
changed my washerwoman to day. Called on
Mr. McTadger - found he out. Received a note
from her on my return home - asking aid in pro-
curing a good servant - I hope to serve her
if I can find one through Carmen. Called on
Aurilia her husband called her last week &
told me she was not quite well - I have called
to day. Called on Mrs. Payer for a moment
& to see how Mrs. Bonita was. She had a
stroke of paralysis a week ago. She was
better - called for a moment to see Julia
Th. She is not quite well, will not be at

prayer meeting tomorrow. I doubt if we
shall have one. I was down at our
meeting this eve - though my cough is
somewhat troublesome - & it commenced
raining before we reached home & rain
quite hard now. We had an earthquake
day before yesterday - two indeed - not
very serious ones - only startling as one is
never sure what may come.

Saturday 10 1/2 p m - April 2nd

I have been out to Lomeches to day with
Julius & brought Linn home. Had a

only Mr P. did not take tea. I have made
up my account book & now ought to go to
W. D. & prepare for tomorrow's lecture.

Yesterday I worked till one about house
& then went up to Alice with Julia &
dined. We have just had an earthquake
a decided one. The children ran out of
their rooms & I stood still on the stairs
while the house creaked & rocked a good
deal. I am in husband's study. He
is near reading over his sermon for
tomorrow - viz to the Syn. preaches in
the morning.

it difficult to rest. I called on Mrs Dickinson
alias ^{Miss} Ferguson - then on Mrs Whelton &
on Mrs Bapsett. Mrs Cameron & Alison & Alice
Meigs - on Mrs Usher where I had a long
talk on things pertaining to the Kingdom
of God - May His good Spirit seal this over
truth to Mrs U's & her daughter hearts.

Hemmings & dined & went with him to prayer
meeting & now must off to bed.

to some hard feeling to husband under
cover of Mrs. I hope not. our own feeling
are only kind to Mr Day, & we do all we
can to sustain him even if we do not
enjoy his sermons. Perhaps brother Day

was written that I have not had half an hour
to take for writing. However, the 10th of April
after arranging family matters I went with Mr
Hugh to purchase material for the girls winter
bats. Then I went to Mr. Haw ^{badger} & found
him alarmingly ill. Came home promising
to go as soon as the Dr could be found - heard
Dr. Hunkel was ill with Paralytic Stroke
- went to Bank & advised Mr. Badger to go &
ask him if he could speak & ask Dr to call
in his place - The said Dr. or Fisher or
Pease came & we had a most serious
time with him - Dr. called in joy & they
gave chloroform - were obliged to in-
sist on to succeed in use of the instrument
We were occupied with him till 2 P.M. in
the morning - It was then when I got
home & every day since I have been with
him till Tuesday except Sunday I am
went for me then on Tuesday - Yesterday

outfit - She is to be married on the
fourth of June - After lunch Alice & I
called on some of the neighbors -

Yesterday & Wednesday I gave the
whole day to visiting, calling on school
scholars - sick persons & distributing
the 100 - number of the "Piedra"
among the people living in the
Sanctus - May God bless His
work to the day's work. I lived

spent the afternoon about the room
at Susanah Richard the Colon Hotel.
she promised to send her children
to Sunday school - then I went to
prayer meeting & Alice & Mr Allen
came home with me & took tea
& left before eleven -

Saturday 14th of May 8 p.m.

Yesterday I sewed in the morning after
housework - at noon husband came
for me to go & see a little infant
of Mr Webster's - a member of our Native
Congregation named to a child.
They thought the child dying - I thought it
was suffering with bowels & hot lungs as they
imagined - The Dr said the doctors gave
them hopes of the child's recovery - I
remained two hours with them nursing
the little one till it became quieter.
Then left promising to go again to

day - called on Eliza Pege - she appeared sweetly.
Then rode down to Mr MacBryden's &
home to dinner. After dinner husband went
up to Mr Mackay's & I went with him as far
as Aliv - after taking tea at home -
staid till eleven - Today the little
Purchards & Mrs Merwin lunched with
us & the young lady Goldfinch & the two
Will boys dined with us. I have made
over a Minny Duff for Mary to day &
put another in order for Annie - I
feel tired & sick to night & am now
going to bed - leaving Aunt Lavin to
make tea for the family.

Wednesday noon May 18th

On Sunday after church Mr Wadger, his wife
three children & servants from Sahiti on
his way home to Vancouver came to church, &
after church sought us Mr W. is daughter of
Dr A. H. Ross in missionary for 25 years in
South America & for 30 years at Sahiti.
I invited the christian friends to come

lunch with husband & lunch & to stay
spread the time with us that they remain
in Valparaiso & stay down to my
Bible classes - They all came & left
a few minutes before tea in this evening
to go on board the French ship of War
in which they came - But yesterday
on Monday morning they all came
on shore & are with us for an indef-
inite length of time - Perhaps they may
leave the ship in which they are & may
be much shut up to their cabins which
will take four months to reach home &
go in the steamer through the Strait.

So they will be with us a month nearly
on the 12 of June - They are pleasant & fine
people & were they not so numerous would
be no trouble - as it is we are willing to
suffer all inconvenience for our dear friends
& will do all we can to make
their visit as pleasant as possible - I wish
with them yesterday to call on the
Guthrie & his family in all the tea room

gether - The Misses Appleton & Mr Shuman
were there by Mr D's invitation also.

Faith & I called on Mr & Mrs Madgen
& Mr Burnett after the exercises - Mr B.

different nations in regarding the
same intimate relations & facts.

band on Tuesday evening & on Wednesday

a pair of boots for self.

them to Dr. Luff's, one car, & took the

was there - & that the Lord will give
them heart as He did Lydia, of old to
view the death with gladness. We thought
we could see some fruit - some work
for the natives - in the spirit of God over the
Lutherans - still as with those to whom
we look for the natives children also & are.

for their shoes.

Monday Eve's June 20th

We did not find the cock soles for the girls but
bought them woollen gloves & cords for both
May & Faith. Then Mr Pugh joined us, & Faith
came home with her & May & I went to ask Dr
Ogoff Page to come & see Stephen who was suffering
with a swollen foot. The Dr was at home & insisted

night I ever get in this. I told Mr.
Hess so when we came home from
church & this morning Johnnie brought
a large cake of ice in from the hill

breakfast table - No one ever saw
such a sight in Valparaiso before.

honour of Mr Duncan - He was present at
table! So Thomas not coming on account of
cold - Had a splendid dinner - pleasant

have invited Rev Mrs Mrs Lloyd the
Whelanights - Allandins & Minnie for to
morrow evg - I called on Tuesday to
see Mr Mitchell who lost his only
child 2 1/2 years ago - took Agnes or the
little "key" to her to read - called on Mrs
White - I found her in a kinder state
of mind on religious subjects but sub-
jecting to banish feeling in full occupation

Had some question about going
to Oliver's last evg instead of prayer
meeting - But the friends could not
come any other way - so they left for
San Francisco to day & I had promised to
dine with them - Mr Whelanight invited

with me to day. Alin & Mr Pugh &
Mumma called - The Allardie children
dined here yesterday - I had a letter from
Mr Williamson by this steamer & a present
of a new bonnet - very pretty. Thanks
dear.

Friday Evg 24 June

This has been a busy day - I have
washed windows in my room - drawing
room - sitting room & drying room &
y. l. shades in all these rooms - Rose
& I only - made preparation for com-
munion this evg but after we sat down
to dinner, at 7 o'clock it commenced raining
hard & the North wind blew & now we are
hearing a good storm. We shall have
a nice tea & hope to see the expected guests
next week. - Mr Mackay & his daughter
& Isaaciah called this afternoon & Mr
Mumma - I have been in for three days
by gas light & am sleepy early.

Monday Ev 27 June

I went down to tea on Friday evg & after
having taken it the front door bell rung & I
thought some of our guests here come - but
no it was Mr Macdunn & his father - Two pleasant
gentlemen they are - I had ^{tea} made for them &
they ate the nice wedding day cake with a relish.
They staid till after eleven - On Saturday
it stormed hard - all day & night - I wrote to
Mr Williamson a long letter: Yesterday
husband & David went to church in the morning.
said about forty persons were there, Mr Lloyd
among them. I went in the evg to Spanish
service - To day I went out & invited the
same friends to tea tomorrow evg. - We are
to lunch with Mr Webb tomorrow. Alice
spent the afternoon here - I had a letter
from Selwyn saying she was coming
for a month & should bring Miss McKeith
her niece. I am gtd she is coming
& hope the change will do her good.

Thursday June 30 -

We lunched with Mr & Mrs Whelwright on Tuesday
all of us - husband, mother, Annie & I. Had
a splendid lunch. Then they - the Inverness
Allandies, Lloyds - Miss Florence & Mr
Zinell took tea & spent the evening with us.
The Lloyds left soon after tea - the rest
remained till nearly midnight. The
next day - yesterday was Annie's birthday
& we had a large party of children all
day - We sat down stinked at dinner table
though Cand & Johnnie were away - on an
excursion to Vina del Mar. At tea we
had twenty five - including Miss Appleton
to whom we gave cold goose & sweet potatoes
for a dinner - after we had finished - we
had early dinner for the children - Annie
had a present from Miss Florence of a doll
as large as life. - I up'd as an infant
throughout a needle case from Mrs
Niles a book from one of the little girls
candies from several - we had & they

all seemed to have a pleasant day - but 15
day Mary & Annie have not felt well.

I went to church last evening - we had
forty three persons there at prayer-meeting -
After meeting Husband & I went into Mr
Kerrin's & took tea a second time -

To day I lunched with Mr Cummings
& his daughter Kate at Mr Peghe's -

At prayer meeting only Nelly Allen was
here - but we had our season of prayer
together - This has been a busy week
& I feel tired & as if every thing I did or done
was with an effort -

Samuel told me this p.m. at dinner
that he had threatened to give young Toxley
a thrashing for using vile language & that
his sister & one or two other school girls
& that he had told Mr Mackay & he had
gone to the Toxley's with the child - that one
of the young ladies had come out & commenced
scolding little Joel & he told her that he
had done wrong & deserved punishment & that

Miss F got angry & said she should come to see
to me now & that he might give me "warning"
(which I suppose she meant) He replied I would
not send any. I hope God will give me wis-
dom & christian meekness & patience to win
her in the right spirit - I told her I was
wrong to take the law in to his own hands - that
he must not resort to injuries but try to over-
come evil with good. He thought it was
difficult to come at the girl's cause & then
he said "I did not wish to repeat such language
to Mr Mackay."

Saturday Eve July 2nd

Well Miss F thought better of it & did not come
yesterday - She said they found they should lose
their cause & so had better hush it up - He
told Mackay the whole cause of provocation &
I had told him to do. I staid at home all
day waiting for them. Mr Tom the Lawyer
& Miss W. Laughlin called & Mr Steadwich
telling me of Bailey's indignation to you.

Seinalow - They are to be married in nine or
ten days from this - & Mrs S is to go with
Mr Medd Spoon in the steamer of the 13th, to
England - She said Mr Blake spoke so angrily
ly & bitterly of Fanny & said also that Charlie
had no gunnys - that he was crazy for
a horse tile he got one & then was tired of it
& intimated that he felt so towards Fanny, that
she determined to break off the matter with
Fanny's consent & turned his letter &
asked for her - Then he gave Fanny in
the sheet or somewhat as a meeting
her - that soon after Seinalow learned
she had discarded Charlie he offered him
self & his parents approving the match
she engaged herself - I am sorry Mrs B.
has acted as she has done - I am sure
Charles is suffering from his disappointment
much & I think he really loved Fanny - I
am sorry for him - But I think perhaps
she will be happier with Seinalow - He
seems a more likely disposition - I am

was only a Christian - I called to see Mr
Cinnalow to day & she spoke very pleasant
& properly about the affair - I called to see
Mr Bapette & Brown to day - Purchased
meins Dupis (wine colored) for Martha
& Mary, or for Lavinia - & then saw
Anna & Julia - I called also on Mr Simon -
saw William & lunched with him. I called
to see little Ellen Myer who is sick & found her
better, at the Merwin & he & she were both
here calling also. The children have all
been out to day, the elder ones up the hill
the younger girls to lunch with husband at his
study & then to walk -

Thursday July 7th

This has been a week of anxious watching &
nursing till to day - Warming home on Tuesday
night later than usual. For after Spanish ser-
vices I went in to Mr Merwin with husband to
see how Arthur was - I had, on Thurs after
very hard day's labor - finding that he had ordered
a hot bath & some for him saying that

was congested the bronchial tubes - I had to
 gave the bath to him & his mother did not
 understand how to give it - I found him bath-
 ing again after a while but I thought he was
 in a long table - with him - On Sun-
 day 20. he was in bed & I heard Julia mov-
 ing in his sleep & with high fever - I did not
 close my eyes with her all night & called the
 Dr. Oloffe Kapi in the morning - The pulse was
 around 140 beats to the minute the next day -
 Since then she has got better fast so that
 she runs about the room today but she still
 looks puny & weak - I have been with her day
 & night - Her dear husband is in the hospital
 on Monday night that he might be well
 at night - Mrs. Mannin arrived on Mon-
 day - on Tuesday Mr. Goldsmith invited her to lunch
 & she lunched with Mr. Gaskell & Mr. Park called on
 Monday - Mrs. Blake called twice & came
 in to talk of Fanny's engagement - I told her
 I thought she had done wrong to oppose my
 son's union to her own daughter - I told her

It would turn out best for all parties - I should
asked husband to marry him on the 12th & etc.
I should be present also.

Yesterday Mr Baptists & Mr Brown lunched here.
Mr Whalwright, Mr Donald Mackay, Mrs ^{Caplin} & Mr
King father & Mr Combs called to ask after Julia.
Julia & her husband took tea here but did not
see them. I had retired early with Julia.

This has been a rainy day - children at
evening school & left said of John.
Don at 5 1/2 p.m. - it is clearing away.

This morning Sunday our new Church is
to be opened - Husband is very busy preparing
his sermon & the Record & the Record to
be issued also this week.

Tuesday July 12th

Much of interest has occurred in these few days
since I wrote in this. Julia continued to
improve & on Friday day I went down with
the children to our new church to select
our services. Husband was a saint in his side.

aid he should not leave the house again till
-unday. The church looked very beautiful
-ighted up & there was a great crowd
in it of natives as well as our own people.

The Record came out on Friday. The Padre
on Saturday. I went on to Tuesday to the
Railway Station to see William Walker
and that had been dangerously ill. Found
it better - took dinner with him. Called
on Mr MacFarlane & the Goldsmiths &
see how things went - to see. But I was
there home. An evening one church
was opened for service at half past two -
an service commenced at 4 o'clock.
There was a large congregation but
the building was not crowded. If con-
-nations who did not understand English
were not admitted - they would not have
disturbed the real worshippers. Mr
Mearns made the Invocation & prayer
read the first & second lessons & gave
out the first hymn - Mr La. followed
with the second & third lessons & hymns.

prayer before the sermon & the hymn -
Mustard preached from the Text and it be-
lieved up from the earth will draw all
men unto me." - a precious promise
& nobly set forth. He may now follow
with the best blessing that day's services
in our new & beautiful place of worship.
Mustard made the closing prayer - read
the third hymn & pronounced the ben-
ediction. I went to Spanish Sunday
school - to the English & after prayer
meeting of Teachers for God's blessing on
our day's efforts - held every Sunday
after school - I hesitated about coming
up the hill to dinner or going to say
good bye to Mrs. Whelvingth who had com-
municated to me on Saturday night was
going in the steamer at six o'clock
Sunday eveg. to New York. I was
sorry she left on the Sabbath eveg.
saying she did not meet with us in
God's house on the delightful occasion
of giving a new house to His glory.

I did not think it wise to keep the family
waiting dinner & so came up the hill to it
was full for Mr. Brown met me & said
Mr. W. had gone on board. That she was
asked that none of us had been in to see
her - but the fact was that I was so full
of the new church that I did not think
to mention the fact that she was going
to the family for she was here Saturday
morning & at the same time to spend a day
with her this week - having no thought
of her going, so they did not know she was
going & left Ireland & we had with me
two full & often thoughts that day. Some
gentlemen coming from Santhia's who
would take good care of her till she
reached home was the occasion of her
sudden departure - then I hear the
family had sent word to Mr. W. that she
had better come & see her Mother before
another winter sets in, as they said she
will not long remain - she is waiting
till they say - understand even Mr. W.

...from the "Book" as to thy "Lord worship
Thou Mine" the most interesting li-
censed I have ever heard of even him
husband did not venture out at night.

After church it was threatening rain
but did not come till yesterday & since then
we have had a storm greater than any
we have had long time - years since.

The North wind has raised the waves & made
the Bay into a fury. It seems like a
boiling cauldron full of foam & we
hear constantly "the noise of many
waters" Husband has gone out to his study
to-day notwithstanding the storm. Mr. Halsey
& Mr. Walter took tea with us last evening. Mr. D.
talked with husband in the sitting room. Mr. Water
played chess with son in the dining room. We
were alone in the dining room. I have had
my finger cut in the evening.

There was a collection of over six
hundred dollars. Taken up on Sunday
our subscription was forty eight dollars.
We shall look for Mr. Turnbull in

as soon as it draws off. Fanny & Made. it is to
be married this eve. I hope the rain will hold
so that we can get them & back comfortably.
He is to be married at Mr. Greenlow's. - I was to
have been at 2 p.m. but because of the storm
they changed it to half past six p.m.

Thursday 14th July

Yesterday morning the Saranac arrived & husband
went on board for Eulogia. Elvira & Miss Mc
Grath. They waited for the storm to abate &
came on shore about ten $\frac{1}{2}$ a.m. - I went up
for them - We all had lunch & a pleasant little
visit from Elvira. Mrs. Johnson. She seemed
very happy & contented - He came up for
her at two & remained till 3. - I sent for Mr.
Allardine & he came up to see them. At
three they left remembered & left for Allardine.
Eulogia is looking over him. I hope the
visit may do her good. Miss Mc G. is very thin.
I went out to prayer meeting last evening
& found them all gone to their rooms when?

returned. Tuesday the mail came in bringing
us pleasant letters from Aunt Mary &
Jeanie Trumbull. Husband & I went to
Fanny's wedding. Every thing passed off
pleasantly - We had a supper & left early
the bride & groom left before supper to go
to Quillaker for the night. I was sorry they
had so stormy a time - hope it may not
be a symbol of their life. * Husband & I
left at nine & then Mr Kidderpoorn & Maria
came away & we went into Mr Ghering's
& spent an hour with him. He sent an
up yesterday of "Israel's" "Lopham" to
read. I have just finished a letter
to Mr Sardinia in answer to one her
brother brought when he came. I have
just finished a letter to Aunt Mary.

July 19th 1875. Fanny Ginalow has been two years a widow with two children
dependent on Mr Ginalow's Union.

Wednesday a on July 20

Eulogia & Miss M'Grath have been with us a
week - They went with us to church all day
on Sunday. Mr Hany came in in the evening.

sabbath & took tea with us. Mr. & Mrs. Allardine
lunched with us on Saturday last. We all lunched
there yesterday - i.e. with the visitors - Ann & Mary
Mrs. McFadden Mrs. Pugh Mrs. Thomea Miss Frances
the old friend called - Yesterday Mrs. Davis to see
me - Eliza & Miss Howe to see Edgerton & the Miss
also - I called yesterday on Mrs. Williams Mrs.
Brock - Mrs. Harper - Mrs. Blaney who has
an infant son ten days old - A sweet babe.
Lizzie & the ladies have gone out shopping.
This morning - I have counted the soiled clothes
of the week & seen & the newly washed ones &
put them away - after arranging my room
& the Parlor & then ordered dinner & now
am tired enough to rest awhile - Last
steamer brought me a letter from Mrs. Edgerton
the only one I have mentioned of my many
correspondents - Miss Thomas I hear is married
to Lieutenant Ludlow of the Navy. May she
be happy! Sotham I have read with
interest - style rather on styles I think
in some parts - but on the whole a good
showing up of the way they make Roman
Catholics of good natures rich young.

men - at least of how they attempt & in
many cases I doubt not sure and -
though with Lothians they did not.

Tuesday 3 PM July 26th

This is Mother's 88th birthday - she was born in
1802 - Mrs Goldfish Miss Horn Charlotte & Lucy - Mrs
Minnie Alice & Mrs Bapitt have sent her presents
all nearly useful as well as pretty. Calogier also on
Lips McGrath - We have had a very busy week
this past week - company all the time:
at lunch, dinner & tea - Rev Mr Christen came
from New York on Thursday morning last - came
in just before breakfast - breakfasted & dined
with us but the Merwins kindly asked him to sleep
there as our spare room was occupied.

He has been often with us not much used to
society, but gentle & pleasant in his manner
usually. As his capabilities as a preacher know
nothing - He speaks English as a foreigner -
Yesterday was Julia's birthday - We gave
her an evening party - a pretty sight

it was to see so many little ones duped & publicly
playing so sweetly & full of life. Mr Allen
came for his children & took Eulogia &
Miss McSeth home with him for a visit.
Mr McCulloch came for his little ones also &
Mr Gay - We took tea with us old folks at
nine o'clock. So they & Mr Christie & Mr
Walter spent the evening with us. Mean
to have Mrs Fremont & Mrs McKay the old
ladies to dine with us to day & company
again in the evening to see Mother & then
I hope I may rest for a day or two - I am
sick with a cold on my lungs - cannot
speak plain - Have not done so since Sat-
urday last. Was in bed all day on Sabbath
just dead as it was Communion season.
Eulogia & Miss McS. went to our church
in the morning & to the Spanish Service
of Mr Merwin's in the evening. They were delighted
with him they said & surprised greatly with
their Communion Service so different
from the P.C. mode. Mr Andrews sent
us a box & tear it came after he left a very

most valuable present. as a new so much.
Escudon who used to live with me came
from Peru in the last steamer with her hus-
band & brought me a large bag of sweet
potatoes - water melons. pea cukes & ches-
caca - like sugar sandy or snow like
cane sugar - To day Mrs Elliot sent
me a beautiful anti snaccassan
of different coloured wools - made by her
young lady daughter. the prettiest thing
of the kind I ever saw. So I have presents
too if it is not my birthday. I gave
her a fine black Alpaca Dress & a
muslin de laine one. Think now she
is comfortably supplied for another
year. Amalia Brannth's husband
took tea with us on Saturday evening so did
Mr Mc Lennan. Mr Harry Mr Ratten Mr Christie
I do not remember how the other days were
spent. but fully occupied I know.

Aug 1st Monday Evg

On the evening of Mother's birthday Alice & her husband Edg^{er} & Miss McRath, the Goldfinch & Miss Young Mr Walter & Mackay & Jane, for Mr. MacKay Senior & Miss Union who dined with us took tea & passed the evg.

I do not remember that we had company at meals again till Saturday - then we had Jessie & Mary Solofish & Annie Isak to dine & a host of boys David's friends to spend the evg with them - & take tea.

I called on Saturday to see Fanny Simons - she was dressed prettily & appeared very nicely - Her house is comfortably & handsomely furnished & Mr. Simons Senior is very kind & motherly to her.

I called also on Mrs. Nugent, Mr. & Mrs. Peck & Mr. MacLulloch - On Friday the first day in the week that I ventured out of the house I called on Mrs. Ellick & Alice. I have had a rather cold, but it is better today. I was at church yesterday & Sunday school. & today have called on Mrs. John Walker, Mrs. Bain & Mr. Fleming. Poor Faith fell.

on Saturday enj - went to sit down & Charles
Irol nothing to have her so placed that
they could all pass round her - pulled her
chair back a little - for which she was
unhappy & fell & hurt her back
& is obliged to keep quiet - Yesterday she
did not leave her bed all day - Today
she lies on the sofa in sitting room

Aloft Page saw her today - says quiet
is all she needs - Miss Thom called to see
her yesterday - Jossie & Mary called to day
& Annie Irol yesterday & today -

We had a letter from Mr Balgownie last week
in which he & Mr Williamson offer to help us
to the amount of \$50 a year for three
years towards David's education. I think
we shall accept the offer & let him go at
the end of this year or beginning of next to the
States - I asked God to open a way for us to
send him & take this offer as an answer to
our prayer. How often I have occasion
to thank my heavenly Father for this

Kind answer to prayer.

Aug 9th Tuesday Ev'g -

Last week was a very busy one - Mrs Sims sent for me in a hurry on Tuesday or Wednesday morning. I went in & found Dr McCall there & baby came soon after - I washed & draped it & have done so every day since till today - I saw the Nurse do it to day - Both Mother & child are doing well - I made many visits last week.

Eulogia & Miss Mc Keith came from Clinton on Saturday & staid till ten o'clock last night - Oloffe Ruge & his wife & Mr John Whelanigh & his artist friend Mr Ferguson took tea with us on Saturday ev'g - I was at Church & Sunday school all day on Sabbath.

Yesterday I made calls with Eulogia & Miss Mc Keith - on Annatia Burnett & the Goldfinch - They then went to the Smiths & I to call on Mrs Brown - She had her little one - on Sunday ev'g. & is doing well. I was at prayer meeting yesterday & to day - This afternoon husband & I

called at the Jenkins together - I went to see
W^m MacTadger & Susanah Burnhead -
beside purchasing some needed house-
hold articles - On Tuesday last week
I lunched with W^m Lloyd & his husband at
W^m Sawers - We are all well & prosper-
ing - I am tired & must go to bed -

Aug 20th Saturday afternoon -

All the family are out. Mother gone down to the
Promontory to spend the Sabbath. Lavinia making
calls with Eulogia & Miffelle Death. The little
girls have gone to Ransom Mc Culloch's birthday
party. Taken early tea & come home at six.

Faith is out with Annie Hol & the Leighs, &
the boys over the hills for a ramble. Mr Merri-
n & Miss Frances lunched with us before the family
dispersed. Mr Croaker Chaplain of the U.S.
British Ship of War came yesterday to visit
us. He brought us letters of introduction
from Mr Samson of Honolulu & we asked him
to come if he could put up with my design

room as a bedroom - Adelia has the spare
room with Miss Pratt. - Elizabeth is going
home on Monday but Philomela remains
a month longer - she cannot bear to lose
the 18th of Sept. festivities here - We are full
of company again - Monday of this week
was a ~~first~~ day & we had only six extra
to our present household to lunch - three extra
to dinner & twenty extra to tea - all were
casual visitors - with the exception of
ten children in the evening - when they had a
chance acting - They got up a stage in
the parlor & performed very well. In
evening people went up & made with
the other little folk quite an audience.
- Maggie Ralph & the Thomsons spent
Tuesday evening here. Last evening we had the
Rev. Mr. Walker Mrs. Pugh & the two Mrs.
McGuire - father & son - I felt ill with
face ache & seemed very self-loathing. I
have been up late nearly every evening
this week - One day Wednesday I spent
in bed with tooth & face ache. This had

was gone to Limerick where he went to ^{accom-}
pany Mr Croker - on Tuesday evening & arrived
Thursday afternoon - Mr & Mrs Purcell are
at Limerick for a week for change of air for
Arthur only. Mr M is here now for his duty
tomorrow & will take his meals with us.

We have to provide largely - our house
is always full. I feel doubtful at times
to know how we are to meet all our
expenses, but I try to be economical
in dress & where I can. Would that
I could see some way found to earn some-
thing - I long to have my children have the
best of education - in French & Drawing
as well as English studies - but I do not
see just how to accomplish it. Maria at
present teaches them French but she can
go much farther with Faith -

I was at church & Sunday school last
sabbath but fear I shall not be able to go to-
morrow for I am obliged to keep my
head tied up. I received a letter from Miss
Lawson in Ireland today. Mae is delirious

between France & Russia so the steamer
just arrived brings news. "May God cause
the wrath of men to praise Him & the
remainder restrain!"

Aug 30th Tuesday Morning.

Mr Crockett left us on Sunday the 28th. All the
ships of war called home because of this war.

He addressed our Sunday school before
leaving & spoke with much affection of the
"dear children of G. Turnbull". These children
all liked him very much & he was a most
entertaining gentleman. "Husband & I dined
with him at Mr James last Thursday evening
& we had music in the eve. Mr James - Mr
C. & Mr Lloyd being the performers - Miss M.C.
dined same day at Mr McCulloch's."

Alice had her sixth child & fourth boy born
to her on Sunday the 21st. I was ill in bed that
day with face ache. Mr Aladdin came &
told me as soon as it was over about half
past seven in the evening - I was up to
see her two or three times last week. The

is remarkably well. I was there all day nearly
on Saturday last - on Friday evening, had dinner
with Miss McGrath at Dr. Bennett's. It was
Analia's birthday - Husband & Linnie came
in the evening - We all came home
about ten - Linnie & Miss MacS. staid
at the party till two a.m. - Husband
was not well last week - did not wish to
go to James to dinner & would not go to Bunk.
I spent five hours in the Gentist chair
last week but my face did not get
well - I am still suffering - Last
night could not sleep - rose this a.m.
at ten & have only 10 broken my feet
though it is 12 a.m. I wait till the
family lunch - saving the servants
extra work by so doing & not feeling over-
garden de corner. Analia sent us on
Saturday a quantity of cakes & candies
for the children & for me.

On Sunday the Stearns came bringing
Mrs. H. H. Stearns - They were at church
in the eve. Stopped to speak with us - I

called early yesterday to see her & then purchased
all my servants - Carmen, Juana, & Ventura
a nice drop - a reward for learning to read
the two last & to Carmen for teaching them.
They were very much delighted!

In the afternoon Mr. Stearns sent up a
bag of sweet potatoes - a rich silk drop for
Mother - Lin & me - A set of fine white
muslin curtains for our drawing room -
a dozen pc handkerchiefs with husband's Initial
worked in each - half a dozen white cravats
& half a dozen pairs of gloves for him -

Most generous gifts & unlooked
for except I thought Mother would have
a drop & two caps that had been promised
I received a letter from Mrs. Clark last week
very interesting & a pleasant note from Miss
Dawson & her likeness - photographed -

We are questioning as to whether we shall
send David at once to the United States to
school - Lord direct Thon our steps!

Sept 12th Monday a.m.

David has gone!

On Friday the 2nd of this month Mr Bapatt came
to lunch with us & promised to take David straight
to Stanford so we decided to have him go -
Mr & Mrs Bapatt breakfasted with us on Sat-
urday & left that afternoon for Caldera there
to await David. We were surprised with prepa-
rations as the time was so short. but he
left with every thing needful for his comfort
& respectability & after we had decided
he should go every thing seemed to smile
on our decision. Mr James sent him a
cheque for a hundred dollars that will
furnish him handsomely with all that the
school requires him to have & have some
thing over for clothing in future. These
various friends made him presents of money
Mr Ryer \$ 5.00 Mrs Bowles 2.50 Mr Allard
10.00 Mr Simpson 10.00 & I gave him ~~7.50~~ 10.00
that I had in English & American coin
so he left with more money in his
purse than he ever had before. Many
friends gave him presents from his school.
and he had a journal for letter stamp

with his name on it a gold pencil & a book -
from Mr Lewis a book. Mr McKee a book Mr Bond
a book. Mr Williams - Mr Fort Smith Miss Thome
Mr Harper for each a book. Mr Truout
gave him a gold pen & pencil case. Mr Goul
half a dozen fine pocket handkerchiefs & cravats &
pr of suspenders =

On Thursday ev'g he had a few of his
classmates to spend the ev'g. Andrew Wallan-
then gave their present & made a speech
to which Sam^d replied, but his feelings were
too much for him to say much more than
to thank them for their kindness. They
played games & danced & had a very plea-
sant evening. On Friday ev'g there was
one preparatory lecture & Sam^d went
with me to it. Oh my dear mother & father
draw him to Thy Son - now that he
may give his whole life & service
to Thee! Oh hear me Father in this my
prayer for Jesus sake! - On Saturday he
dined with us at two & a little after
three I took him alone into the Drawing

room - knelt down with him & giving him
anew to God sought this protecting care &
blessing on the lad & then I said Good bye.
All the family (except Grandma & myself),
including two of the servants went on board
with him - A large number of his clapsnet
his teachers & friends were there also.

Andrew Waller made him a present of
a set of Gold sleeve buttons - & studs - My
pretty Mary said - We all felt sad &
lonely - after we had watched the schooner
till she disappeared in the distance & dusk
nigh for night came on & she left.
though they went on board soon after
four p.m. It was soon all she left.
Father I think has suffered most in the
separation - I feel the loss, but my grati-
tude is great that we were enabled to
send the dear lad & now I wish to pray
for his change of heart till I know he is
purposed & enters the Ministry of the Blessed
Gospel. Wholly the Lord's I would wish
him to be. Lord make all our children

Thine!

Thursday A.M. - 15th afternoon

An Monday Husband & I went up & lunched with Alice - then called on Mrs Mackay & Mrs Jay - on coming home found that Mrs Williams had called & left me a beautiful cosy for the feet & worked by herself a doz & half Lima oranges - Louisa Munk had also called. Tuesday I spent the entire day at home - sewing - Mother & Miss McGrath went to Rlier's to lunch - & Linn to Mrs Hughes - Miss Freeman called - yesterday Wednesday I called on Mrs Lloyd who is sick - Mrs Williams ditto, Mrs Bowler Mrs Linn Mrs Jowers & at Dr Page's on the Nebula - I lunched with Mrs Pugh as she urged me to do so - but felt sorry after when I found Mrs Allardine had lunched with husband & Mother at Lynn - Mrs Pugh dinnered & had home the girls hats for summer last evening - They are beautiful I found yesterday Miss McFinnis had called during absence & left an exquisite bouquet for me with a white Camellia Japonica in the center - Stephen has a lame hand & is not at school this week - He has poisoned it in some way - I miss him his good morning kiss - his place at table & his

I wish to fill, but he can only fill his own -
Johnnie I wish to do his best & he is a dear
useful boy - Miss McNaught has gone this am
to Santiago with Miss Ralph to spend the holidays -
Amalia Brunt went yesterday - She & her ^P
husband spent Tuesday say here but I was in
bed - Amalia came in to see me & said Goodbye
Mr & Mrs Wom & Mr & Mrs Hammond had one a son the
other a daughter on Tuesday, They were engaged the
same day - married the same & had their children
on the same day - quite remarkable -

Mrs Mackay lunched with her husband & me on Tuesday when
the family were out - Mr Last of the Reindeer was with
us at dinner on Tuesday - & Mrs Last took tea here
Wednesday - Last evening, Miss McNaught went with me
to prayer meeting. Mr Munin says he is going
home the 10th of next month & the sister is ill
& so they leave all their sewing commenced work
their house newly furnished & go home & I do
not think the more a widow - but we shall
see! Husband is left whole care of both
papers & spent his English & thought I & I have
has promised to find him here the

Lord's supper or administer baptism - Garland
will really have the charge & a great part
of Mr. Minin's congregation or church - and
he has already as much as he can do - I hope
this will not prove the goather that broke
the Camel's back - I love Mr. Minin &
would not censure him harshly but I do
think he allows his pretty little worldly
minded wife to lead him rather too much.

I have received a letter from Miss Savory in
Ireland recently & answered it this week - Also
one from Mrs. Gayre to which I have just written
a reply - And from Mrs. Welsby in England to which
I hope to reply speedily - At lunch today we had
Mrs. Uribe - Alice sent one dish of preserves
& some radishes.

Saturday 10 PM - Sept 17th

This has been a most unfortunate evening to
me - I went with the childrens to see
the fire works - Had my purse in my
pocket with some fifty dollars in it -
I forgot to take the money out - though I

had thought of it before I left. We were
to see the fire works but the children wish
to get down as the Car moved on so we en-
tered the crowd & I held on to my purse till
I saw a crowd pouring down on us & felt
anxious about Julia - I caught her with
one arm & waved the other & in that mo-
ment my purse was exhaled - I could
have cried but it would do no good.
Got into a car - rode down to the Station
& back - in coming back Mr Seimallow got
in the car & paid for me. I do not think I
shall ever go in a crowd again - surely shall
not with money in my pocket -

This afternoon we had a pleasant
letter from David - another yesterday -
good spirits - quite amusing his encounter
with a Priest R.C. - The priest had but
did not get much out of him. I called on
Mrs Lloyd this afternoon & saw her for the
second time in bed - She seemed a little
better than when I saw her yesterday - I went
to see Alice - She bunched here yesterday -

I went to read David's letters to her. She enjoyed
hearing them - I called on Mr Pugh & Mr
Peed & Peed from Loda. They have taken Mr
Merwin's house during his absence in the
States. Miss McGrath writes that she has sad
news from her mother & is to return to
Dalchuanas on the 23rd of this or 22nd
She is to return here on the 20th Tuesday
next. I think she has tried to interest
Mr Ibamey but I doubt if she is really
interested in him. She likes to have
some one always paying attention
to her - & deigns on the most interes-
ting person near her - or the most
available one - As a girl I never was
willing to let a gentleman know
that I cared for him - Except as he
apparently sought my friendship -
I do not admire to mix with gen-
tlemen but perhaps I am too old school
in my ideas.

Tuesday 20th of Sept

Sunday was a sweet day. Had about two hundred at

The Spanish service at one p.m. and had great difficulty in getting through the crowds in the streets - Following the bands of music & soldiers, to the Sunday school - succeeded at last however & we had 90 and all at school. Sunday evening did not go out except to call on Mrs. Floyd -

Yesterday - Monday I went to Mrs. Harrison's to take dinner at the & from her windows to see the multitude thronging the streets.

Father went with all the children to Mega Cacha taking lunch with them. At three & a half I went to Mr. Mubshie's to the baptism of his little child - She is a P.C. but committed to the baptism by Mr. Merwin. Mr. J. was there. He is to furnish for Mr. M. during his absence. Mr. Philwright has returned, he was here on Saturday last while all the ~~Englishmen~~ were here & Mr. Lash. I took tea with Mr. Floyd last evening by his request & spent a little time in his room. She is very feeble. I fear will never be better - But I do trust God will raise her up. He will join our prayers to his, for this great favor: her restoration. Last evening

sailors came & passed the night here - Al W Martin
died yesterday & an Infant of Mr Thos Snackee -
Mother has not been home since Sunday -
she is going to Mr Frox. out to day & coming
home this evng - Miss Mc Grath returns to day
from Santiago -

27th Sept Sunday

Miss Mc Grath came a week ago to day - Mr Ibany
went out to Linache to meet & come in with her -
Mustard went to the Station for her - Mr Ioffier
himself to her early Wednesday a m & in the
evng they were engaged - Just late if she will
keep to it - I shall be pleased if she does -

On Thursday a m early husband went up the
hill to work & in using the crow bar it slipped
& struck his foot near the ankle bone hurt
it very much - The foot swelled & turned dark -
I first poured on water - till Anna could
be brought from the Druggist - then used
it freely - Sent for Dr to examine & see if
there was fracture of the bone - There was
none but he lay on sofa in our room
all day & I ran about town to tell

persons with whom he had engagements
his state - Poor Mrs Will was to be married
on Friday evening by him - Mrs Price of Santiago
also wished him to marry her that day at
the Hotel - I saw Mrs Miller about Mrs Price
& Mrs Will seemed disappointed - said she
would send carriage for us - I was having
my new silk Mrs Stevenson gave me made
up for the occasion - But I told her I knew
it would be impossible for him to go & I did
not wish to go without him - On Friday his foot
was astonishingly better but his head aching very
violently - Dr Page called about 6 p.m. to see
his foot & found him with fever & head ache so
he ordered medicine & came again at ten -
was here three on Saturday - Three times
on Sunday & yet the pain & fever continued
He did not sleep nor did I till Sunday
night about ten he became cooler &
easier & I went to sleep & should have
slept the whole night if he had not needed
attention Yesterday Monday morning he was
broken out with a few eruptions that look

like small pox except from their scantiness -
but there are more than Mother had & she was said
to have it some six years ago - Dece husband is
better but his thoughts are disturbed by the same
thing repeating & reflecting about continually in his
mind - I was awake with him last night
but did not get out of my bed to wait on
him as I have done every other night since
his illness - Last night we found his foot looking
very much discolored & more putrescent on it
than elsewhere on his body - I wrote to
Sam yesterday - fearing I might be
sick before the time of the steamer's
sailing on the 10th - I feel rather full in
the head now but it may be from want
of sleep - Husband wishes me to enter the names
of those friends who call & send to hear of him -
many times most of them - W^r Gay, W^r Simpson
W^r Harper W^r McKay M^r Thomas & W^r Jim Dixon
W^r Peterson W^r Sturgeson. H^e Miss McLaughlin
W^r MacFadyen W^r W^r Paghe - Mrs Goldfinch &
Miss Worne Mr Allardine & Alin - Mr Cummings
Mr & W^r Merwin Mr Whitworth, Jane Harper &

a younger sister - Linné Applegren - all
the gentlemen in the family - Mr & Mrs Blake
Henry Simmons Mr Kiggie - Old Mr Miller
sent him word "to grease his face well & not
to lose his good looks" - Quite amusing as he has
only one pore on his face - I rec'd a good
letter from Aunt Mary on Friday last - I think
it was - Tomorrow is Johanni's birthday -
Rumbi has his fruit cake made & iced -
John has been a great comfort since
Ond went away - & since Papa was ill.

James took to drinking on Thursday
last & has done nothing but drink since
He has gone off & today I have some
one in his stead to help with the books
& gentlemen's rooms - Johanni has done
all the watering of trees & plants & there
is no little to do - The flowers are blooming
beautifully, the fruit trees give promise
of fruit.

Same day Ec. - for Mrs Feidle, Mr Rees & Son
Mr Borromann Miss Seale, Mr Lindlawn & daughter
Jenn Klappert & sister - Mr Munn & Mr Christian

Mr Blake here called to day to enquire about Father

About two this a.m. - husband & mother are saying
he feared he should lose his son. He was troubled with
such disagreeable visions - said he had been wandering over
the hills in a crowd of people all night & appeared so excited
that I gave him a dose of ~~Uppers~~ Anodyne & then
went to boil water to make him a cup of tea - while
he peeing it & some bread & butter for him I heard
Grandma groaning - found her sick at stomach

Oct 3.

Husband is feeling pretty well - He has been writing for the Record since early in the morning - I found him at it when I awoke at half past six - I sent the children to church yesterday - but none of us who go near Papa want test me & should carry the infection
Mr Simpson & MacLay called & went into

see him yesterday. Mr Morrison & Blake have called
this a m. - Since David is now on the Atlantic Ocean
how I should love to see him for a few moments
& know if he is feeling lonely at heart. I love to com-
mend him to our Heavenly Father. 'We can com-
fort & bless him as I could not. This is a bright &
beautiful day.' - I have sent off to Post this
morning a letter to Mr Lawrence Concepcion
& another to Mr Welsby England - I find Johnnie
wrote David that Papa has 22 marks on his face that
the children counted through the window but they
are pimples too small but any that young eyes to see
'He has really only one full pox on his face & only a
few on his whole body -

Saturday Aug 8th of Oct

Had a letter from dear son David on Wednesday
the 5th from Callao - Mr Shaw & Petrie had been
very polite to him - charged only half fare
for him - The poor boy had all his money stolen
the night of the 19th of Sept just before they reached
Callao - His purse taken from under his
pillow while he slept. with fifty one dollars

& a half in it - He awoke & saw two eyes glittering
over him & feared to move lest the person
should injure him - They had searched his
room for money & not finding it had
brought under his head - Poor fellow! it
is his first experience of the rough world.

All his own means gone at once - It was
worse than any loss the 17th of same month.

I have called this week on Mr Brown
Mr Mason & Julia Hodgkinson to see their
young infants - lunched with Alice - called on
Mrs Minnie & Mrs Fromont & at Mr Stevenson's
but she was afraid to have me come up
the stairs so I stood below & talked
with her - She feared the small pox.

I have had a treat this week in
reading over the letters from Aunt Susan
Aunt Louisa - Eliza Kimball Mary Eliza
& other friends of my childhood & early youth.

I have lived since the past so pleasantly
nothing remembered but the bright & beau-
tiful - all the small trials & sorrows
forgotten - The only shade on this picture

being the suffering & departure from earth of
such loved ones - But here there comes a brighter
light from the very throne of the Lamb where
I am sure they sit beholding His glory &
I rejoice with them & hope yet to join them
in casting our crowns at His feet & singing
with them the song of a full redemption.

Then I hear of husband's early
letters to me - as many as I hear & write
to him - It has quite renewed my youth.

I do not love him less, but more than in
those days - yet the freshness of my feeling
there is attraction to me even now -

Johnnie has gone to see Andrew Ballan.
It is raining - a real rainy day - unusual
at this season - On Monday the 10th the
Merrins leave for the State.

Thursday Oct 13th

The Merrins left on Monday. Father & I
feble to go on board with them - They left
in good spirits - Tuesday I went down to see
Amalia Brunt, Mrs MacTavish & Susan & John.

Bunker D. carried her some books for a young
friend to read & on W^m Vay the dentist's wife
Yesterday I made lemon pies & cocoa nut
pies - my nice husband said - sent one to
Alice - Annie is staying there since Sunday
she has been ailing & I thought the change
would do her good. Harland & Johnnie
have left today for a trip into the
country for three or four weeks. He has
ordered away by the Dr. He is very
feeble since he got over the small
pox - I do trust God will bless this
journey to his complete restoration to
health & strength - I shall miss him
sadly - but am glad he could go & try a
change - I have more confidence in it
than in all medicine - This is a most
beautiful day - Alice was here yesterday
In the afternoon I took Mother out to
call on W^m Gunkell - W^m Ellish - W^m Payne
W^m Thompson & W^m Hodgkinson -

Friday Oct 28th To day received David's letter

from Panama - It should have come by last steamer but
did not. I have a letter from father ^{hyphen?} every day -

To day heard from him in Talca - from Mrs Sayre
from W^m Duncan England - Mrs Atger France - All
very nice & interesting letters - Livia is up at Alice's
spending the day - Dr Swaney came on Sunday last &
will be here tomorrow - He has been to Santiago, to the
Gospel Union - No one there but himself & Mr Gilbert & Mr
Christin & the two delegates from Santiago - Last evening they
had a missionary meeting which kept up till half past
twelve o'clock at night - Husband is regaining his health
& strength - but thinks to be about two weeks longer -
I hope he will be back before our next communion
the second sabbath in November - I have received
this week one hundred cocoa nuts a present from
Tahiti sent by the colleague of Mr Atger by his agent
I have given away some thirty of them - Received also
this week my land shawl & a set of curtains from England - ordered
by me - Since then Mrs Stevenson gave me a set of curtains
but these will serve me nicely - I do not get them
the cost as Alice ordered them for me - I write to husband
every day & so have not much time to write in this

Saturday Dec 10th

Mustard & Johnnie arrived home the 25th
of Nov. last month about 3 p.m. Ship
Hogg was married to Mr. Macfarlane &
Miss Kate Hogg to Mr. Hardy that morning
at eight a.m. at Deacon Simpson's house
by Mr. Say as husband did not reach in time
Their wedding every thing went off well.
I received a letter from Tom dated on the
28 of last month & expect another letter
on Monday next. To day we have
sent him letters. - Captain Rissing
of the Bible Depository died on Wed-
nesday after a shock of Paralysis of two
days standing - He had heart disease &
had told me only the week previous (for
two weeks) that he expected a sudden death.
He was a lovely Christian man & cannot
be forgotten. He will be sorely missed from
our band of workers. I hope our Lord
will raise up another to fill his
place. He did not speak after the attack
but recognized his band & men when we

went to see him joined in prayer offered -
with pleasant looks & motion - His dear friends
are greatly bereaved but I trust for will
bless the affliction to them & call them
all into His Kingdom - Mr. Wessing asked
to have his baby baptized with wisdom
while his body was yet in the house - The
baptism ^{you} place on the coffee - The mother
holding the sweet little "armistice" to offer
her to God - The ceremony was most touch-
ing & impressive - About 25 or 30 persons
present - It was on Wednesday evening so we
did not get to prayer meeting - Thursday
was the Sunday School festival - We all
went except Grandma & Linn - I am
the servants a holiday also - Yesterday
at 10 a.m. Mr. Wessing was buried - I went
to remain with her while she was there
away at the funeral - They all appear
very low, in their affliction - So low
demonstration, but quiet grief with such
tender loving memories of the dear departed.
I called after on Mr. Say & Mr. Withers

2 Mr Mackay lunch'd with the latter
came home soon after - Mrs Paghe & Mr
& Mr W. May took tea here - Amalia
Barnett is expecting to have me with
her when she is confined - I hope it will
not be for two or three weeks for I have
cut my left hand badly & need help
to dress myself now - I'll say yet for
last evening taking cocoa out of
shell. Some boxes my hair gone.

Record out to day interesting number.
This is Willie Almaden's birthday - Thursday of
this week the 8th - now Georgia's - I gave him
a nice book - "Boys' Book" full of games
& other interesting matters for boys. May
& Julia here - gone up to Almaden to spend the
day - Annie did not wish to go - Mary
had a little party on her birthday
a number of Mr. & Mrs. parents. We hear
that brother James has two children this
time - one very ill - his "Mum" has not
balance he writes & he knows not which
way the scales may turn.

Saturday Dec 17th

This has been a week of deep sorrow to me - I have been obliged to disown Faith as a child & give her back her true name Esther - This I have long threatened her if she did not cure herself of her habit of pilfering & on Monday I had a note from Miss Sayer's saying she had an article of her sister's that she had lost - I told her I could not have any children & self disgraced - that she was now old enough & I feared to bear tongue with her - particularly as I have had one or two serious talks with her on the subject. I have tried to show her how much I love & desire her reformation - she appears truly penitent - If I only could trust her - but I can't wait any longer - I have written Mr Sayer & so had her hand to ask him if he would take her to help Mrs Sayer & give her a chance under her old name & in new circumstances to retain her character. I shall never cease to care for her & I tell her if she becomes a good woman she may come & see me again one of

these days - This comforts her - She said at
"I thought I could never bear to go away never
to come back to you again -" I will do all
I can to please Mr & Mrs Lyster & be a good
girl that I may see you again - It
almost breaks my heart to make this
change but I do trust God will cause
it to be the means of her salvation -

We have had this week delightful
letters from David & his teachers & the
Bassett - I have tried to turn from
my griefs & think of my joy in David.
Aunt Lavinia & Mary.

May 25-1875

What a fine eventful year since I first began
this journal. M^{rs} ^{Lois} Sage ^{has} passed away to her home in
Heaven. Esther lived with her till her death
in Oct 73, having behaved well & then I recalled
her home - on May of last year the 31st dear
Esther went home to Heaven. On the 22nd of Jan.
of this year husband took dear Lizzie home
to the States to place her under medical
treatment for the Insane - She is passing as
I am through a critical period of life & her
mind is distracted. I too have suffered
greatly with my head but God has graciously
heard our prayers & healed me.

Our dear children are a constant
source of thanks giving to "our Father in
Heaven". John & Stephen have both
joined bands. John in Yale with his
brother; & said Union John's brother &
Stephen lives with them in ^{the} South College
& attends the grammar school in New Haven.

All of them have made a public profes-
sion of their faith in Jesus & will. I wish

more faithful to their vows. The boys
here had a great joy in their father's
visit, though sad at his ^{present} state.
I am now looking for his return
on the coming Saturday. Though perhaps he
may not then be here. I have the house
all cleaned & in order for him.

I must have I had to do during his absence
but God has been very gracious to me - & I
long to show forth His praises! Yesterday there
was a fearful storm of wind & rain & four or
five ships were driven ashore & one went down
a hulk on which service was held on the
sabbath - with all on board - many his last
I do not know how many.

Saturday May 29 '75

A bitter disappointment to day!
Hastard did not come & in his letters seems undecided
as to when. Though he says good bye for a month in his letter
of April 29th i.e. he thought of staying in a month
for home. But I inquire? he has listened to the
wishes of missionary friends & those of dear friends
in England may cause him to go on then he
does he comes back. "He says not one word"

an observed wedding anniversary - has probably for-
3. often it at large then in his strong call on duty please
- I am sadly disappointed, but it should only
cause one to place less confidence in any of
earth's affections - I have the house so beautifully
prepared for him - but we will try to keep as
near as we can & probably he will not know
or care anything about it when he comes, & I
will also try not to care. I hope he may do the
wisest thing for the public good - private
religion, interests should always disappear be-
fore these - Lord satisfy me wholly with
Thy gift!

June 23. Husband still absent. Delightful
letters from him - sorry not to be here on the silver
wedding day, but (as I have) to stay & at least
date May 18 not decided when he is to be home.

We had decided not to go to England, but Mr
Baldome sent him a Telegram asking he should
reconsider his decision & go for a short time
to England - so now I know not if he
will go there or not. Hope he will as Mr Baldome
so much wishes it, & he has been one of our
chief supporters & dearest friends. I

Lunched with Alice today & we called on both the
Mrs MacQueen. Julia has a little daughter
her first born a few days old - then on to Miss
Mrs Miller, Mrs Howe Mrs White Mrs Gray
Mrs Walker & last down hill on the South
& am too tired to go this evening to meeting
All the children have gone.

Charley Blake has failed in business
& lost a good deal of money for Bulfinch
Williamson & Co. They put him up in
business - He has I fear not been careful.
I hope he has been honest - Young who married
Allen Aitken has taken six thousand dollars
of the P.S.S. Company's money & speculated with
it - Gallagher eleven thousand - Both professing
christians. It is a cause to humble us all
& cause us to cry earnestly to ^{your God} to vindicate
His cause in this city - Why should Zion
be a reproach? I am sure there are true
& faithful souls here who love God &
His cause beyond all other objects - Oh
Father listen to the prayers of such & give
us a rich spiritual blessing in this city
awaken dead souls to life & quicken those

who are slumbering who are already thy children!

Mr. Meunier is tired out in attempting to juggle my husband's duties & threatens to let the Record & Picador alone now till his return.

When will he come back? I hear some are grumbling about his absence but I do not think any grumble except those who love always to create dissatisfaction - constitutional grumblers - I feel no great concern about them - I only hope my husband will be guided to do the best thing - I do not know what that is -

July 9th 1875: Tomorrow I hope to hear definite news as to when husband will return. Mr. Simmons has gone home to his rest. Only a week ago he was here & I gave him his monthly pension of 25 dollars & he was so grateful to God for his goodness to him - always spoke so affectionately of husband - hoped to be able to meet him at the mansion on his arrival & bring up some of his things for him - He was at the communion with us on Sunday & on Monday, on Tuesday was in the church when attacked with another Paralytic stroke & sent to the English Hospital where he died about 11 o'clock. Mr. Mackay is ill. will I hope soon be better.

called on her yesterday with Alice but did not see her called
on M^{rs} Marion, M^{rs} Rowe & M^{rs} Maclean. Mr. Batson
Rogers & Merwin. I have nearly completed my round of
visits - & now will soon to V. begin to make my parish
visits at the Railway Station etc. I have not the
same strength for visiting as in days past. I have
for the first time thought of the families I call on, on
this ^{side} of Concord & Concord. I can recall fifty
there & 50 probably. I do not think of all - that I visit.
Undoubtedly there are as many more in other parts
of the city.

July 12th Yesterday it rained so Annie, Julia, Esther & I
remained at home in the a.m. - Mr. Ellender & Mr. Allen
called on way home from church & Mr. Mackay & Frank
came & dined with us. - We always dine at noon on
Sunday that the servants see. Then the rest of the
day! Then Mary, Esther & Annie - set the tea
table & make the tea - We have cold meat
always - preserves - butter, cake & bread - M^{rs}
Frank remains all the afternoon & reads to
us - M^{rs} Nicholson made us a fire in the
dining room & we gathered about it & sang
hymns before tea. After tea we chatted

up the table - sewing girl washed up things in china
cabinet & we sat & talked till church time -
Then Mary, Willie, Annie, W. Keck, Aaron & Isaac Supper
went to church - It had cleared off, but was too
wet for me to venture out & Frank was suf-
fering with swollen & painful neck, so he
remained till after eight & then went home &
I went to bed. I have felt so restless and anxious
to hear from husband the past few days - Tomorrow
I look for tidings - On Saturday Mrs. Ming Russell
her husband left for California - She has been a pleasant
little friend & I shall miss her.
