ingly mention to it? no it
was very concealed. This
shows how little we make

the young.

To-day call'd at Appel-

was in balcony as I came
out. I said I had told
Virg.^a & many to see the good

of having accepted of white

Of this I have no recollection
at all. But think as Board
named a special Com. to
look after the fund, take
steps to raise it - etc., it
belongs to the Com. & in
vest the money; and that
that was implied in app'g
Com. putty' on it the 2 who
had started the matter.

Th. I might have said
the Com. intended to

reported slow in pay^{ts}.
